NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Re:Alberni Residential School Quarterly Return

With reference to the quarterly school return ending September 30th that was recently forwarded to Ottawa.

An error was committed in ammending number of days in residence during Quarter.This number should read "21761", average attendance of pupils should be "236.5".

Its is regretted that this error occurred.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return. use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Memorandum:

CHIEF TREASURY OFFICER

Attention: Mr. Noonan

With reference to the note attached to the September Return for the Alberni Indian Residential School, you are advised that pupils # 0241, 0317, 0318 and 0320 previously attended the Alberni Residential School and were discharged in order that they may attend a day school.

On September 1st they returned to the Alberni Residential School as grant-earning pupils consequently the Principal has claimed thirty days grant for them and used the original dates of their admission to the Alberni school.

Dear Mr.Ashbridge:

Enclosed please find requisition for the next years school and office supplies. Both of these requisitions have been cut down as compared with last year in answer to the request of the Department. As any surplus supplies which we had were destroyed in the fire, and the special requisition which we sent in afterwards was based on the needs to the end of the present school year, we shall have little or nothing left.

Trusting this is all in order I am,

Sir:

I have the honour to forward requisition for school supplies for the Alberni Residential School.

Due to the shortage of certain supplies in this school, recently opened, this requisition has been placed for the favourable consideration of the Department.

Supplies should be addressed to: Rev. R. C. Scott, Principal, Indian Residential School, Alberni, B.C., per C.P.R. lines.

Dear Mr.Ashbridge:

I beg to enclose herewith, a requisition for school supplies which I would be glad if you would forward to the Department. I am also enclosing copy of a letter which I have just received from Captain Barry to whom I wrote in connection with this requisition. You will note what Captain Barry says about the requisition being forwarded at this time, and I would be glad if you would point out to the Department that it would seem that some discrepancy had been made between the supplies requisitioned at the close of last year in Coqualeetza and those which we find to be necessary in this new school. I am sending this forward in the hope that the Department will assist us because I have already paid out $20 from school funds for supplies which we could not wait for as they were needed at once. The requisition enclosed is also very necessary and we need it soon, so that I would be pleased if we could have a decision reached as soon as possible.

Thanking you for your valued assistance at all times I am,

Yours sincerely,

Dear Sir:

In reply to your letter of the 29th of November last with reference to a requisition for class room supplies for the work to be undertaken after Christmas, I may say that I have no idea whether the Department would be prepared to consider such a requisition at the present time.

I have no doubt that the work books you mention are very necessary and I would suggest that, in forwarding the requisition in the usual way through your Indian Agent, you mention that the requisition is forwarded at this unusual time due to the fact that your school has only recently been opened and that there are still a number of class room supplies necessary.

This letter is being forwarded in duplicate so that one copy may be sent to your Indian Agent.

Yours very truly,

Gerald H. Barry

Dear Mr. Hoey:

Thank you for your letter of October 2nd, File:159-1-4, advising that I might purchase locally, the six or eight small flags required for the Assembly Hall in the new school.

I beg to say that I am ordering six small flags, about 30" x 48" from Messrs. Waterhouse and Greene of Port Alberni, and the account will be forwarded in triplicate marked distinctly "Vote 66(99)". As your letter does not mention the large flag or the picture of the King and Queen for which we asked, I presume you have these still under advisement.

Mr. R.A. Hoey,

Dear Mr. Hoey:

I find that our flags from Coqualeetza are too badly worn to be used on the new school. I would like to have a suitable flag for the main flag pole, a Union Jack, and would greatly appreciate it if the Department would furnish it.

There is a great deal of resonance in the Assembly Hall and even allowing for improvement upon the installing of benches and when the pupils would be in their places, I am quite sure that something extra will have to be done to insure good hearing upon the part of those in the pews. Consequently if we could have six or eight smaller flags, say 2'x3', or thereabouts, Union Jacks and Red Ensigns, these coubd be arranged in a way that would be both decorative and of assistance in securing better acoustics.

I might say also that we have no picture of the King and Queen, and if one could be secured for use in our Assembly Hall I would appreciate it as I intend to support heartily, the efforts of educational authorities to secure intelligent and loyal support of our national authorities and institutions.

Trusting you may see your way clear to recommending this contribution I am,

Dear Mr.Ashbridge:

I regret that when our office requisition was sent in along with the classroom requisition in June last, no No.606-7 Business envelopes were asked for. This was due to the fact that Miss Wilson who had been in charge of the office, was away on sick leave and the stenographer who was taking her place was not familiar with the procedure and the needs, and in the press of work which was mine, it slipped my notice.

I am enclosing a requisition herewith and I would appreciate it very much if even at this late date you could see your way clear to sending it forward to the Department.

Mr. R.A. Hoey,

Dear Mr. Hoey:

I regret having overlooked in our regular school requisition, the inclusion of four footballs and six softballs, and I hope it is not yet too late to make application for the same.

I would like also if you could give consideration to our application for a new office typewriter. The present one has been in use for many years. I do not know how long, but we have used it now for six years. Under the ever increasing amount of work which has been laid upon our office, not alone through the approaching change in the location of the school, but also because of our endeavour to keep in touch with parents and friends through circular letters, and also largely through the great amount of detail made necessary in connection with our Preventorium, this old machine has been constantly in the hands of the repair man. It is away today, and it certainly will not stand up much longer.

I trust that it may be possible to secure a good machine, and would be grateful if you could see your way clear to recommend it's purchase.

Thanking you in anticipation I am,

Rev. Sir:

With reference to your requisition of the 15th ultimo, I note that you request maps of Europe, Africa, Australia and New Zealand. These maps are not only expensive but are very difficult to obtain at the present time, and are subject to change without notice. Under the circumstances, it is not considered advisable to go to the expense of supplying these maps.

We are arranging to send you a map of Canada and a map of the World, both of which we have in stock.

Yours truly,

Philip Phelan,
Chief, Training Division.

Alberni Res.

Referring to requisition No. 25322 which calls for a Dictograph Cabinet and folding paper, I am advised by Clarke & Stuart Company with whom the order was placed that they have not been able to obtain Dictograph Cabinets these past few years owing to the fact that the trays were unobtainable. They have, therefore, shipped one Repeater Duplicator complete with 2 Hectograph pads which will service the same purpose and a further supply of these pads can always be obtained.

We trust this will be satisfactory.

Residential School, Alberni, B.C.

With reference to your letter of the 5th instant, I wish to advise you that two maps of Canada have been ordered for your school.

These are the only maps of Canada that we have available at the present time. These maps may be mounted by the manual training class.

We are also forwarding a map of the World and a number of books for supplementary reading purposes.

Dear Sirs:

In endeavouring to acquaint the young Indians of this School with something of a knowledge of the country in which they live, we find it quite impossible to proceed any further without at least two large size maps of Canada, which would be suitable to put on rollers for classroom instruction.

The only map now available in the School was acquired in 1930 and although it is slowly coming apart, it is still being used by both the intermediate and senior classes.

Hoping you will be able to supply us with these maps in the very near future, I remain,

Yours most sincerely,

AIRMAIL

Ottawa, February 18, 1947.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

Science Equipment for
Alberni Indian Residential School

The attached requisition has been received from the Principal of the Alberni Indian Residential School. On September 14 the Department provided the sum of $100 to purchase the necessary science equipment for high school work at the above school. It is presumed that the equipment listed is meant to be purchased from this amount.

All the items on the attached list are approved with the exception of the microscope. Would you please discuss with Major Davey the necessity of supplying such an instrument to this school at the present time. You can then decide concerning the provision of the instrument requested.

It is also suggested that a table globe would be just as satisfactory and considerably cheaper than a floor stand globe, but here again you can decide with Major Davey concerning this item.

121-5-4 WT.

Ottawa, September 14th, 1946.

Dear Major MacKay: **Science and Mathematical Equipment for Alberni Indian Residential School.**

We have received a request from the Principal of the Alberni Residential School for supplies as above mentioned.

Will you please arrange to purchase locally the following:

4 Yardsticks,	2 Blackboard Compasses,
1 Meter Stick,	2 Blackboard Triangle Sets,
2 Blackboard Protractors,	20 Celluloid Protractors,
	25 Yds. Gummed Binders' Cloth.

The Principal also requests a short list of science equipment. You are authorized to make local purchase to the amount of $100 to provide this school with the necessary science equipment to carry on the junior high school work. You should advise the Principal to carefully consult both the Junior High School Course of Studies and the prescribed text-book in ordering these supplies.

When the appointment of the School Inspector for your Province is made, I will go into the question of science equipment with him in some detail.

Yours very truly,

Bernard F. Neary,

Dear Sir:

Re: Requisitions Nos. 26783-84-85
dated May 20, 1947.
Requisition No. 27556 dated June 16,1947.

With reference to the above requisitions, we have recently been advised by the Principal of the Alberni Indian Residential School that he has not yet received the following books which were requisitioned on the above requisitions:

40	Highroads to Reading Book 4
40	Friends and Neighbours
40	Think and Do Workbooks for the above
40	More Friends and Neighbors
40	Think and Do Book Workbook for the above
20	Streets and Roads
20	Think and Do Book for Streets and Roads
40	Jolly Numbers Books for Grade 2 1st Half
40	" " 2 2nd Half.

It would be appreciated if you would check these requisitions and have the outstanding items forwarded at the earliest possible date.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Re - Alberni Indian Residential School -

The Principal of the above mentioned school has indicated that he has not as yet received the following supplies:-

40 Highroads to Reading - Book IV.
40 Friends and Neighbors
40 Think and Do Work Books for the above.
40 More Friends and Neighbors.
40 Think and Do Work Books for the above.
20 Streets and Roads.
20 Think and Do Work books for the above.
40 Jolly Numbers Books for Grade 2 (1st & 2nd half).

The Principal indicated in his letter that the "Highroads to Reading" books were requisitioned on May 27th, 1947, and the other books were requisitioned on the form contained in the bulletin of October 10th, 1946, and forwarded to the Department about May 1st, 1947.

He has also indicated that the delay in delivery of these books is causing some dissatisfaction among his staff, and that he is likely to lose some of them as a result of not having these supplies.

It would be appreciated if the Department would expedite their delivery, or, if there is likely to be any further delay, authority to secure these books by local purchase is requested.

Gentlemen,

I have your memorandum of July 24th enquiring as to an item of 15 Copies of "Britain's Story", Macmillan.

The class-room supervisor is away just now, but on checking up our stock I see that we have a good supply of "A History of Britain", which, as you say, is the prescribed Text Book.

I would say, therefore, that the ordering of "Britain's Story" is in error and could be ignored.

Referring to Reqn. 28104, for one typewriter for the ALBERNI RESIDENTIAL SCHOOL. On this requisition I supplied a L.C.S. # 1A.1522117, from stock. I also find that the Royal Typewriter Company delivered a machine, # K.M.M. 3381738, on one of our orders which should have been cancelled, evidently the Company did not do so.

As you official received two machines, kindly let me know if you will cover the new Royal machine by another requisition. The approximate cost is $138.10.

Dear Sir,

We received a letter from you, dated March 26th.,regarding a shipment of toothbrushes, for use by the children of this school.

The parcel, you mention, was to be addressed to DR. H.K. Brown, of the Nutrition Clinic.

To date, this parcel has not arrived here, and we are wondering if it has been dispatched yet, or if it has been lost en route.

We are expecting the clinic on the 16th of this month.

Every good wish,

Yours Sincerely,

Edward A Peake

Referring to Reqn. 29869, which includes 40 copies of SOCIAL STUDIES WORKBOOK - IN TOWN AND CITY and 40 copies of NOW AND LONG AGO. The Publishers state they have nothing on hand with these exact titles - However, they have a series known as the SOCIAL STUDIES SILENT READERS and the book 2 is entitled IN THE CITY, ON THE FARM AND ALONG THE ROAD. They did publish a book entitled LONG LONG AGO, which was book 4, but this is now 'out of print' and the new book is called THEN AND NOW.

The Publishers have cancelled the books on our order, and if by any chance it is the SOCIAL STUDIES SILENT READERS that are required, please have a new requisition issued, with the correct titles.

Dear Sir:

This refers to your letter of February 28th and my reply of the same date in connection with our Requisition No. 28104 for the Alberni Indian Residential School.

I have now received a reply from the Indian Commissioner in British Columbia who advises that this extra machine can be put to good use in another Indian school in the Province. Therefore, it will be in order for you to charge two typewriters to Requisition No. 28104.

Sincerely yours,

With reference to Mr. Neary's letter of February 28th, 1949, File 877-4 (E6) and communication from the Department of Public Printing and Stationery, regarding a typewriter supplied to the Alberni Residential School in excess of their requirements, it is considered that this machine could be used to great advantage at the Kamloops Residential School, where there are so many of the students attending high school and I would recommend that instructions be issued covering shipment of the machine to Father O'Grady.

Re: Alberni Residential School,
Sports Equipment

Attached is a requisition from Mr. Superintendent Garrard for sports equipment for the above mentioned school.

Inspector Davey has reviewed this requisition and recommends that the purchase of this equipment be authorized with the exception of the last 5 items marked in red.

It is realized that the Department does not normally supply boxing equipment but it is felt that an exception might be made in this case inasmuch as the playing facilities at Alberni are restricted and the school has already equipped an old shed for this sport. Teams from the school are regularly entered into competition with white groups in the town of Alberni.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

With reference to requisition for sports material for the Alberni Indian Residential School you are hereby authorized to purchase locally:

2 prs. Standard Boxing Gloves
2 prs. Boys Boxing Gloves
6 Softball bats
12 Softballs
2 Footballs
2 Basket balls
1 Heavy duty lacer
1 Lace tightner
6 pr. Football laces
2 Volley Balls

With reference to boxing gloves, the Department does not usually supply these but as recreation facilities in this school are restricted an exception has been made. This should not be regarded as a precedent for future requests.

REQUISITION FORM FOR ORDERING TEXT BOOKS
REQUIRED BY PROVINCIAL
COURSE OF STUDY

(One Copy required)

This form is for use in requisitioning texts in Arithmetic, Social Studies, Science, etc., which are authorized for use in the schools of the provinces concerned. You will find these described in the authorized text book lists published by the Provincial Departments of Education. If you do not have such a list, then write at once for one to the Provincial Department of Education.

We would emphasize that the Department provides authorized text books but does not provide recommended text books in all cases.

(E)

24 February, 1950.

Mr. A. E. Caldwell,
Principal,
Indian Residential School,
Alberni, British Columbia.

U. S. S. R. Publications

Dear Mr. Caldwell:

I have for answer your letter of February 16 and after checking over the contents of the Information Bulletins, I can quite understand your concern.

We are publishing a note in the next issue of the Bulletin directing that these not be used in Indian schools. As yours is the first to mention them, I presume that other schools did not write to the Embassy in Washington, D.C.

Normally, we check carefully all the pamphlets and bulletins recommended in the Bulletin. In this case, we assumed that a list given to summer school students at Macdonald Teachers' College would be above reproach. This incident has shown that such lists will also have to be carefully checked. I am passing these bulletins to the proper authorities for further action.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

INSTRUCTIONS.

1. This Report is to be sent to the Department of Mines and Resources, Training Division, at the end of each teaching month.

2. Operations Learned and Grade obtained is secured from the Student Record Sheet. Use the number of the operation - not the name. Example: John Jones 4A-6B-8C-10,etc. obtained: 6 would stand for the operation: B for the grade or standing obtained, and so on (see Foreword for Job Sheets).

3. The Report is signed by the Instructor and the Principal.

Note: If no instruction has been given during the month, state so on the report and give the reason for not being able to give any instruction.

This Report is to be used for all manual training activities: Sewing, Cooking, Metal Work, Gardening, Woodwork, etc.

(a) Label the Report according to the activity on which you are reporting. Insert the activity just before the "Month".

(b) In the space provided for the year insert 1st, 2nd, or 3rd, representing the year on the Basic Chart on which the pupil is working.

(c) Write the number only of the basic operation satisfactorily mastered and the grade obtained. Example: 1D, 8A, etc., as the case may be. A stands for excellent, very good; B for good,fair; and C for poor.

REQUISITION FORM FOR ORDERING TEXT BOOKS
REQUIRED BY PROVINCIAL
COURSE OF STUDY

(One Copy required)

This form is for use in requisitioning texts in Arithmetic, Social Studies, Science, etc., which are authorized for use in the schools of the provinces concerned. You will find these described in the authorized text book lists published by the Provincial Departments of Education. If you do not have such a list, then write at once for one to the Provincial Department of Education.

We would emphasize that the Department provides authorized text books but does not provide recommended text books in all cases.

Re: Text Books - Alberni Indian
Residential School.

The Principal of the above named school has informed this office that the supply of Study Arithmetics for Grades 3 and 4 to his school has apparently been duplicated. I have therefore requested him to send the surplus copies to this office. I not infrequently receive requests from schools for emergency orders of books of this nature and will fill such requests until the 30 copies have been expended, unless the Department requests that they be returned.

Re: Text Books - Alberni Indian Residential School

A change in the authorized texts in the Provincial Schools of British Columbia has required the above-named Residential School to submit the attached supplementary requisition.

I should appreciate the Department giving some priority to this request.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

With reference to the requisition for Supplementary Reading and Library Books for the Alberni Indian Residential School which was recently received, would you kindly advise Mr. Caldwell that we are not in a position to fill this requisition as our stock of library books is exhausted and by sending this requisition to the Stationery Office, Mr. Caldwell's needs would not be met.

You should bring to Mr. Caldwell's attention the fact that a requisition for library books should have been submitted in March or April last year when we had a stock of library books.

We are now working on a new list of library books which will be issued in March. At that time, we will be able to increase his allotment of books sufficiently to cover the books he did not receive during the 1950-51 academic year. It would be appreciated if you would draw our attention to the fact that no library books were received last year and requisition a double issue for the 1951-52 academic year.

JUNIOR PLAY Friday 6th

THE CARDINAL

DECLAM CONTEST Wed Nov.10

VOL. IV WENTWORTH MINN. NOV. 3. NO. 5

CARDINAL WINS TWO CUPS IN S.D.H.S.P.A.

"CLOVERTIME", JUNIOR PLAY TO BE GIVEN NEXT FRIDAY

"CLOVERTIME" REHEARSAL IS A DAILY PROJECT FOR PRESENTATION

By Evelyn Lessman

Come! See! and Hear! "Clovertime", junior class play which is to be presented at the Legion Hall, November 6. The play cast is daily working on parts and plan to give the audience satisfaction.

"If you want this play to be a success, do it right," remarks the director. She immediately receives correct response from the students, who are probably growing somewhat weary of it all, but just the same are anxiously waiting for the exciting night.

Don't forget at 8:15 Friday evening. The admission prices are ten, fifteen and twenty-five cents.

O. A. SHAFTER TO HEAD NOVEMBER PTA PROGRAM

"A Parent Looks at Homework" is the topic for the discussion of the next PTA

(Cont. on P. 6 Col. 1)

SIXTEEN STUDENTS HAVE ENTERED LOCAL DECLAMATORY CONTEST

The declamatory contest has been pushed ahead to Friday evening, November 12, for the entrants here. The date planned was pushed ahead because it interfered with activities of the grades at the Legion Hall. Several students have re-entered the contest since the date has been changed. There are now sixteen in the "declam". In the poetical division are Leatrice Haleath, Ardyce Hebeger and E-

(Cont. on P. 5 Col. 2)

ONE CUP IS WON FOR THE CARDINAL, OTHER FOR ATTENDANCE

At the Brookings SDBSPA Wentworth received two cups. One for winning first again this year on "The Cardinal" and the other for having the largest delegation there.

Supt. C. B. Martin led the round table discussion in the Ditto division in the afternoon.

Twelve awards were given for the different divisions in papers and annuals. The programs for the day included speeches in the forenoon, a business meeting in the afternoon and a pep meeting at night.

Gordon McNamara S.D.H.S.P.A., president and Mr. H. S. Hopner, Advisor, welcomed the high schools to the college and Mr. Charles Mitchell invited them to Brookings at the beginning

REQUISITION FORM FOR ORDERING TEXT BOOKS
REQUIRED BY PROVINCIAL
COURSE OF STUDY

E6

(One Copy required)

This form is for use in requisitioning texts in Arithmetic, Social Studies, Science, etc., which are authorized for use in the schools of the provinces concerned. You will find these described in the authorized text book lists published by the Provincial Departments of Education. If you do not have such a list, then write at once for one to the Provincial Department of Education.

We would emphasize that the Department provides authorized text books but does not provide recommended text books in all cases.

, April 15, 1952.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

I have recently received a request from Mr. Caldwell, Principal of the Alberni Indian Residential School for library books which were listed on last year's list.

We are forwarding this list to the Department of Public Printing and Stationery and Mr. Caldwell will receive only those books which are in stock at present.

It is regretted that this requisition was not sent in earlier. It would be appreciated if you would point out to Mr. Caldwell, the necessity for ordering library books as soon as the new lists are announced. The new list of books now available is in the mail and Mr. Caldwell should have his copies shortly. He should, therefore, requisition for his 1952-53 library books as soon as possible.

R.F. Davey,
Assistant Superintendent of Education.

With reference to your requisition of August 12th regarding two text books and the Course of Study for Grades 1 - 6, you are advised that we are securing these through the Queen's Printer and it is expected that delivery will be made at an early date.

You have requested seven copies of Social Studies, Art, Health and Physical Education. Please advise whether these are text books or the Grade 7 Courses of Study for the respective subjects. If these are the Courses of Study, it is presumed that you will require only one copy of each.

Yours sincerely,

(E6)

Dear Mr.Phelan,

In reply to your letter of August 27th with reference to our Requisition for School Material of date August 12th, we have seven rooms with grades one to six inclusive using the courses mentioned and recommended at the B.C.Summer School. Each of the seven teachers has requested a copy of the Courses of Study.

These courses are published in separate pamphlets, namely, Social Studies, 1 to 6; Art, one to six; Health and Physical Education, one to six. These are published by the B.C. Department of Education. They are not text books and it is expedient that each teacher should have one. I would be glad if you would place them on order to be delivered as soon as possible.

I am glad to be able to report that all my teachers, with the exception of one who superannuates this year, attended summer schools for the full summer term, including the Indian Education classes supervised in Victoria by Mr.Waller of Alberta. They teachers have returned filled with gratifying enthusiasm.

Re: Alberni Indian Res. School.

Attached is a requisition for a Gestetner mimeographing machine and mimeograph supplies, for the above mentioned school. It is my information that the machine now in use at this school was originally purchased in 1927 by a motor company in Vancouver, was subsequently sold to Coqualeetza school and was transferred to Alberni in 1939. Mr. Caldwell states that the machine is no longer satisfactory for his purposes.

It is recommended that a new mimeograph machine be supplied and that the old one be supplied to a smaller school.

To Deputy Minister

Department of Indian Affairs,

Ottawa, 15th Nov 1893

With ref to the letter of the 8th inst from the Secy of the Foreign Mission Committee of the Presbyterian Church in Canada making application on behalf of that Committee for a grant to the Indian School at Alberni & furnishing information regarding the working &c of the School there I beg to report that Alberni is a Reserve of 130 acres situated immediately South of the Alberni Company's lands on the East bank of the Alberni Canal in the West Coast of Vancouver Island. In the month of Decy 1891 the Revd Mr Baird wrote suggesting that an Industrial Indian Day School be established in the West Coast Agency of Vancouver Island the foundation for which he stated had been laid by a Mr John A. McDonald who had taken a number of Indian lads into his house at Alberni for the purpose of teaching them in which work he was cordially supported by the

Indian Agent Mr Brickwood & Mr Baird

been given to other similar institutions
in B. C. for the establishment of an
Industrial Boarding School among the
Indians on the West Coast of Vancouver
Island. Supt Powell was requested to
report on Mr Baird's application which he
did in March 1892 & at the same time
enclosed a letter from Agent Brickwood
on the subject - Mr Powell recommended
that the application be favourably con-
sidered & that $130 per ann for each of 10 pupils
be granted in the meantime. The Agent's
report was also very favourable to the
School. The result was that the sum of
$100 for each of 10 pupils was included
in the Supplementary Estimates for 92-93
to aid in making a start. The financial
statement, however, presented to the Govt was
such that a large reduction was
necessitated

DEPARTMENT OF INDIAN AFFAIRS
NOV 14 1893

Toronto, Nov. 8, 1893.

To Mr. Hayter Read,

The Superintendant General

of Indian Affairs.

Dear Sir,

I am instructed by the Foreign Mission Committee of the Presbyterian Church in Canada, to make application to the Government for a grant to the Indian School at Alberni. The condition of the Mission is as follows;-

1. The Mission property consists of sixteen acres of land.

2. There is a Girls School in which there are, at present, thirteen (13) children. The accommodation is not such as to make it possible to receive others who are seeking admission. It was hoped that, by this time, the building would have been enlarged or a new one erected, but the sickness and necessary withdrawal of our Missionary, the Rev. J. A. McDonald, has disappointed us in that. In a short time, however, a successor will be on the ground, and the enlargement will be effected as soon as convenient. It is proposed to accommodate from 20 to 25 in the new building. Miss B. I. Johnston, who is Matron of the School, and seems admirably fitted for the work, reports that both parents and children take a hearty interest in the Home.

3 The Day School has varied in attendance on account of the practice of children going with their parents, on their fishing and sealing expeditions. There were, on the Roll, during the Second Quarter of 1892, 20, average attendance 12 1/2. Third Quarter (1892) average 17 3/5 (number on Roll not reported). Fourth Quarter on Roll 30, average 16 1/2. First Quarter, 1893, on the Roll 14, average 8 3/5. Last statement received, 19th Sept., reports 20 on the Roll, with the remark that the attendance is becoming more regular, but average not given.

A new School House has been built on the Mission property and taken possession of by the School on the 6th of Sept., which will no doubt, contribute to its success.

Miss Maggie Mimnes who has charge, is, so far as we can learn, a competent and devoted teacher.

4. There are thus employed in the Mission, a Missionary, a Matron, a Teacher, and a Helper who looks after the property and cultivates the land, in the interests of the Mission, the children themselves being taught, as far as possible, to share in the work.

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

POOR-COPY

www.collectionscanada.gc.ca

5. The original cost of the land, with old building upon it, was $2000.00. The School House has cost about $300 only, the Indians themselves doing the greater part of the work, along with Mr. McKee who is in the service of the Mission.

6. The cost of the New Girls Home is not definitely agreed upon, the highest estimate being $3000.00, the lowest $1000.00

7 The total amount expended on the Mission, up to the present time, is about $9000.00 (including the original purchase, but not the new Building).

8. There are 220 Indians at Alberni, beside the Mission, and 1000 in the whole region, and amongst whom our Missionary has been laboring.

9. Our late Missionary, Mr. McDonald who, to an unusual degree, won the affections of the Indians, used to follow them to the coast, and was about to start another school amongst the Ululahts, when compelled to retire.

We would like to contribute our part in the solution of the Indian problem, as far as funds and workers will enable us.

We trust the Government will give this application favorable consideration, and find it possible to make such a grant as the facts of the case will justify.

I remain, Sir,

Your obedient servant,

R. P. Mackay.

A new school has been opened at Alberni, B.C., with an attendance of twenty. The Indian agent, Mr. Guilod, was present and addressed the children. After the ceremony tea was served on the lawn and to the missionaries and teachers present the occasion was one of joy and thanksgiving. Dr. Mackay of Formosa, in visiting his station before leaving for home, baptized 154 adults, besides a number of children. Miss McWilliams is expected to arrive in Canada from India in a few days. She returns on account of her health. Rev. Dr. Reid, general agent of the Presbyterian Church, returned home from his holidays last evening. Knox College will reopen on Oct. 4th.

Rev.Sir:-

In reply to your letter of the 19th instant,asking for any information regarding the petition sent by the Synod of the Presbyterian Church in British Columbia to this Department for a grant to the Boarding School at Alberni,I beg to inform you that,on the 16th July last, the late Superintendent General,now Lieutenant Governor Dewdney,replied to a letter from the Rev.James Ross on the above subject,in which he stated that he hoped to be able to do something the next fiscal year, meaning 1893-94; but he also added that he should like to receive a statement from the Church authorities showing what progress had been made during the summer and fall,and,from the outlook then,what assistance it was considered should be given. I beg to inform you that no such statement has been received,and consequently the matter was not brought up for consideration when the Estimates for the fiscal year were under consideration; and,therefore,no amount was included in those Estimates for a grant towards the Institution.

Ottawa, July 16th, 1892.

My Dear Sir,

I am in receipt of your letter of yesterday, asking whether a grant to the Indian Industrial School at Alberni, B.C. of $1,000. was passed by Parliament.

When the matter of establishing an Industrial Institution at Alberni was brought to ~~xxx~~ my attention I made full enquiry into it, and satisfied myself that the claims of the Indians in that District were such as to warrant something being done for them in the direction of education. I therefore had a sum placed in the Supplementary Estimates to aid in making a start but I regret to say that the financial statement presented to the Government was such that a large reduction was necessitated, and this item, with a great many others, was disallowed for this year. However, I hope we shall be able to do something the next fiscal year.

Honored Sir,

May I take the liberty of asking you whether the $1000 of a grant to the Indian Industrial School at Alberni, B.C., which was entered by you in the Supplementary Estimates, was passed by Parliament?

My reason for enquiring is that I am interested in the appointment of a member of my Congregation as Matron of that institution by the Foreign Mission Committee of the Presbyterian Church, which meets next week. The appointment may depend somewhat on whether the grant has been passed or not.

Allow me to write you re the Indian Reserve down on the East Side of the Sumas River. The Indians on the W. side I believe have some 1200 acres. The Govt. has promised a grant towards the erection of house & school. If the land on the east side could be put into market & the Indians all transferred to the W. Side the people of Alberni desired would rejoice.

They are a nuisance where they are now. Let me hear from you respecting this.

THIS LETTER HAS BEEN SENT

Sir,-

I beg to acknowledge the receipt of your letter of the 13th instant enclosing one from Mr. Wilson Stitt, of Alberni, B.C., respecting the Sumas Indian Reserve.

I am unable to comply with your desire as to transmitting to Mr. Stitt the information which he requires, as I cannot make out clearly from his letter just what it is that he desires to know. I am, however, writing our Superintendent at Victoria in the matter, and I shall be glad to transmit to Mr. Stitt such information as I can obtain respecting the subject on which he writes.

Sir,-

A letter has been received, through Mr. W.T.Hodgins, M.P., from Mr.Wilson Stitt, Alberni, B.C., in which he states that if that part of the Indian Reserve which is on the east side of the Sumas River could be put on the market and the Indians all removed to the west side, the people of Alberni district would rejoice. And he refers to a promise which the Government made of a grant towards the erection of a Home and School. Mr.Hodgins asks the Department to give Mr.Stitt the information he requires; but it is impossible to make out from Mr.Stitt's letter what it is he wants to know. He states that the Indians are a nuisance where they are now.

I shall be thankful for any light you can throw on the subject.

Sir,

I have the honor to acknowledge
400 I² the receipt of your letter of 10th inst.
transmitting plans of the ~~building~~ ~~proposed~~
proposed building ~~to be erected~~ for
the reception of girls at Alberni, towards
the cost of which the Dept. gives a grant to
the Presbyterian Church of $1500.

The plans appears on the whole to be
satisfactory, but the following matters
require to be brought to your attention.

The dormitories do not appear to be ~~sufficient~~
large enough to afford sufficient breathing space
for the number of occupants, that is if
each bed shown on the plans is intended to be
occupied. Since however the Foreign Mission
Committee when making application for
grant in Nov. last, only contemplated
providing accommodation for 20 or 25 girls
and the plans shows provision for 29 beds
in the dormitories, there will be no necessity
for over-crowding, & this should be very
carefully avoided.

A matter very important matter about which
nothing

nothing can be learnt from the
plan to that of ventilation, and I
have to suggest that the following
plan, which experience has shown
to combine economy and efficiency
be adopted.

By having boxing, about 6 inches square
along the base-board of the walls, open
at the ends or perforated at intervals, the
vitiated air will enter it, and if this boxing
be connected about its centre with the
main chimney which comes up from
the furnace & supplies the rooms with
~~with~~ fresh heated air, by means of a pipe
entering into ~~it, a draught~~ it, a draught
will be created which will keep drawing
the vitiated air out of the boxing, and
send it up the chimney.

The boxing might be set in under the
skirting board, or inside walls, so
that the skirting board would form
the outer side of it, or in fact a hollow
space left under the skirting board,
if holes be left in it, to allow of the
entrance of the foul air, would answer the
purpose; and this might be done all
round

round the room, or along one or two sides of it, as may be found necessary.

The foul air should, when possible, as already said, be conducted through pipes into or to a spot immediately adjacent to a chimney, but conductors have been found to work where leading into the space under the floor, always provided there be some way for the air to escape from there or through the roof, to the outside of the building.

It would seem moreover allowable to have a bath room, and water closet on the attic as well as the first floor, but there need be no difficulty in making the slight changes required for that.

It is objected that there is what is called a "man's room" on the ground floor, but the presence of a man at all in a girl's building is regarded as most objectionable, and some arrangement must be made for him, if a man be required, elsewhere.

Since no provision is made for any class room in the new building it may probably be assumed that it is intended to carry on teaching in

to the old one.
All that apparently remains to
recommend you is that the grant will
lapse on 30th June 1895. and consequently
should be expended before that date,
but that the amount of $1500 must
on no account be exceeded, and the
general approval of the plans is subject
to the condition that the Dept. will not
be called upon to expend anything on the
proposed building beyond the amount
first mentioned.

Sir,

I have to night received a letter from the Revd R.T. McKay Secty. for M Comtee of the Presbyn Church of Canada in which he says relative to the plans for the Indian Childrens Home that he regrets the delays that have arisen owing to sickness amongst the Committee's Architects - and that if you can hasten its approval at Ottawa all will be ready by Spring.
The Building is to have a completed attic and all to be finished with plaster Cedar foundations. The question of a furnace and the plumbing connected therewith has not been disposed of by the Committee although the former is shown upon the plan. I presume this will be looked upon by your Department as an "extra" in any event.
The Building is supposed to accomodate from forty to fifty children. Trusting your Department will find the plans satisfactory

I have the honour to acknowledge the receipt of your letter of the 18th ultimo relative to a letter sent to your Department through Mr W.J. In this connection I beg to submit herewith Mr Agent Guillod's Report which explains the matter as it stands at present

Mr Stitt as a new comer may be excused for not understanding the difficulties to be met in carrying out the alterations which he proposes; not to mention the impolicy and injustice which attach thereto.

Mr Guillod has all the information requisite respecting the Grant made by the Department for the school at Alberni and if Mr Stitt have anything to do with the school he can find all the information he requires with Mr Guillod

As regards the Indians being a nuisance, Mr Guillod has not reported on that point, but it is possible that the Town of Alberni may have been laid out somewhat too close to the Indian Reserve

Sir,

In answer to your letter of the 29th December 1894 530 & 2 enclosing copy of letter from Ottawa regarding a communication from Mr Wilson Stitt of Alberni I beg to state that I have seen Mr Stitt who has recently been sent to Alberni to minister to the settlers of the Presbyterian persuasion and He tells me that seeing that the Opitchesaht Reserve is on the high road and adjacent to the town of Alberni and that he hears of some drunkenness and prostitution on the Reserve it would be to the interests of the Indians if they were removed from such close contact with the whites - the mines at this place having brought in some undesirable citizens - and proposed that they should be removed to the Tseshaht Reserve on the West side of the River one mile further up. With regard to this I beg to state that in some respects it is not desirable to have a public road between the front of an Indian Ranch and the River but this Tribe had the Reserve given to them before Alberni was settled and permission was asked from the Indians to have the Road where it is, that to move them to the west side of the River

one mile further off would have little effect in checking facilities for procuring liquor. That the Reserve on the West side of the River belonging to another Tribe the two Tribes would not assimilate and that the improvements on the Reserve are of much value to the Indians and if the Land was sold it would not realize enough to pay them for their houses and improvements and I do not consider that the Band would ever agree to the removal

Mr. Hayter Reed,

Deputy Supt. General of Indian Affairs,

Ottawa.

Dear Sir;-

I received to-day from Mr. Swartout, our Agent at Alberni a communication addressed to him by Mr. Harry Guillod, in which is expressed your general approval of the plans for the proposed Home for Indian children at that place, and suggesting certain changes worthy of consideration. Mr. Swartout has himself sent a reply to Mr. Guillod, of which he has sent me a copy. I shall, however, take the liberty of addressing directly to the Department a fuller statement, and without waiting for a meeting of our Committee, in order to expedite matters.

1. As to the number of children for which provision is made; We had intended, as you say, to provide for only twenty children. Upon further consideration, however, it was deemed inadvisable to expend so much money for the accomodation of a number not greater than we were providing for in the old building, although with very much crowding. It was also found that the Home has grown in popularity with the Indians, and that many who were formerly unwilling to send their children, are now seeking admission. Moreover, Mr. Swartout has commenced work at Uclulaht, and will thus gradually gain influence with these people, and induce, we hope, a number of them to send their children, so that we think before very long

the full capacity of the new building will be required. The intention is to leave the old building where it is, and in some measure to utilize it in the same connection. Mr. Swartout thinks that much good would be accomplished if industrial work were begun, some of the children showing special aptitudes, which he would like to cultivate. There is evidently a large and opening field for usefulness, which we would like to develop to the best of our ability.

2. As to the breathing space of the dormitories. I have submitted to our architect, Mr. Gordon, your suggestion, and he informs me that the Ontario Statute requires two hundred and fifty cubic feet per child in our Day Schools, and that in these dormitories for forty children there are four hundred cubic feet each child, or if fifty were received that there would still be three hundred and thirty cubic feet for each, which he considers sufficient space.

3. The third point, as to ventilation, I have also submitted your proposal as to having boxing along the base board of the walls. He says that his intention was that the ventilation should be by registers in the chimneys,- inasmuch as there was one in connection with each dormitory. The method proposed by you, he says, is not much now in use, inasmuch as its advantages are over balanced by the disadvantage of leaving spaces in which

dust and vermin accumulate, as well as producing draughts near the floor. However, he says, that if the Department has a decided preference for that method of ventilation that it can be easily and inexpensively adopted. He believes that registers in the chimneys, not too near the ceiling, will both make an escape for foul air, and at the same time, not cause the warm air to pass out of the room, as it would if nearer the ceiling.

4. You object to what is called the "man's room" on the ground floor, and say that the presence of a man at all in the girls' building is regarded as objectionable. We on the other hand thought it so desirable that there should a trustworthy man about a place where there are so many women and children, that we made a special effort to provide that room. There are sixteen acres of land, which are cultivated in the interests of the Home, and Mr. McKee, who is at present employed, is an elderly man of ~~much~~ special faithfulness and general usefulness, that we feel ourselves fortunate in having his services, ~~and~~ as well as giving a sense of security to the ladies employed in connection with the Mission. If however, the Department strongly objects to his occupancy of the room assigned to him in the new building, we, no doubt, can arrange otherwise. It would be necessary to have somebody on the ground capable of providing wood, and rendering such other ser-

5. There is no class rooms provided for in the Home, inasmuch as we have already a School House built upon the property, in which the children are instructed,- that School House was erected only a year ago, and as I understand, is very satisfactory.

6. As to the bath room in the attic, as well as the first floor, we also considered that, and decided against it, for the reason that it was supposed better not to indulge that class of children with too many of the modern conveniences. Our Matron stated that the children were very fond of bathing in the river,- that even when there were several inches of snow upon the ground, they delighted to go out bathing. She fears that their taste for that practise, which she regards as a healthful one, might be destroyed if too much accommodation were provided in the Home,- she, of course, exercises prudence as to allowing the weaker children, or any of them, to such exposure as might be hurtful. The ladies of the W. F. M. S., to whom the plans were submitted, also expressed the same view. Hence the decision arrived at. I have no doubt, however, that the Committee would be prepared to re-consider that decision if you still adhere to your suggestion.

7. The only other question to which attention has been drawn is the necessity of having the $1500.00 grant expended by the 30th., June. I hope that will be done, for we are anxious, as

quickly as possible, to get the extra accommodation. Mr. Swartout will use his best endeavors to that end. The matter was delayed by sickness on the part of agents and architects, etc., considerably beyond the date at which we hoped to have had the building under way. We shall do our best to fulfil the requirements of the Government. At the same time, I am sure, we may anticipate generous consideration at the hands of the Government, as to the question of time, should we be unable for any cause beyond our control, to complete the building within the stated period.

I need not say that there is no intention on the part of the Committee to call upon the Department for the expenditure on the erection of the building, of anything more than the sum named.

My dear Sir,

Referring to your letter of this date, covering extracts from a letter you have received from Ottawa dated 26th Dec 1894:

I have the honor to say - 1st As to breathing space in dormitories: When the Foreign Mission Committee of the Presby'n Ch: in Canada first made application for a grant to the proposed Home it was calculated that accomodation for twenty children would be sufficient - and the original plan was drawn on that basis. Upon the Committee's reconsidering this matter after my arrival it was decided to increase the size of the dormitories and economize space in other parts of the building. An entirely new plan was therefore drawn showing a com-pleted attic, which was lacking in the first plan - and the breathing space in the dormitories amounts to upwards of 16.500 cubic feet or about 330 cubic feet for each child if 50 are accomodated, or 400 cubic feet for each child if 40 children are in the building.

2nd As to ventilation - I will ask the executive to refer the matter to their architects and I have no doubt the suggestions made by your Department will be followed.

3rd As to "mans room" There are sixteen acres of land connected with the buildings belonging to the Committee at Alberni, the cultivation of which together with the ordinary work connected with supply of wood

wood &c &c make the presence of a man a necessity. As to some arrangement for him outside the building: I will refer this to our executive - but permit me to remind you that since the opening of the present building - or nearly so - boys have been accomodated in the ~~building~~ Home as well as girls. This was not originally intended, but the circumstances have seemed to justify it. The Committee has never made a formal declaration upon the subject so that the phraseology used in the correspondence has remained unchanged - but in case boys are not received there is no provision made for them. Would this fact not alter the opinion of your Department as to the presence of a man in the building?

4th As to class-room - The Committee has provided a building for a Day School upon its premises in which teaching is carried on — I have only to say that should my explanations appear satisfactory to your Department I trust they may have the effect of facilitating its approval of the plan, but in the mean time I shall forward your letter to Toronto and suggest that the Committee's reply be sent direct to your Department at Ottawa, and that a statement from their architects relative to provision for breathing space be be enclosed.

Sir,

I have received from Mr W.F. Hodgins M.P. your letter to him of the 26th November last suggesting certain changes which you think should be made in the Indian Reserve at Alberni, and having made enquiries of the officers of this Department in British Columbia, I find that Mr Guillod, the Indian Agent at that point, has recently seen you in the matter, and he reports the reasons given by you for sucresting the removal of the Indians to the Tsishaht Reserve on the West side of the River one mile further up. Mr Guillod remarks in regard to this that in some respects it is not desirable to have a public road between the front of an Indian Reserve and the River, but that this tribe had the Reserve given them before Alberni was settled and permission was asked from the Indians to have the road where it is; that to remove them to the west side of the River one mile further away would have little effect in checking the facilities for procuring liquor; that as the Reserve on the West side of the River belongs to another Tribe it would not do to bring the two tribes together as they would not assimilate

assimilate and further that the improvements on the Reserve at Alberni are of considerable value to the Indians, and if the land were sold it would not realize enough to pay them for their houses and improvements, and besides, it is not likely that the Band would agree to the removal.

I think that if you will consider these and many other points which may suggest themselves to you, you must readily admit that any attempt to remove the Indians would be an act of injustice towards them and would only result in failure, as the obstacles to be overcome, apart from all other consideratons, are at present insurmountable.

Mr Guillod has not reported on your remark that the Indians are a nuisance where they are now; but it is possible that the Town of Alberni may have been laid out somewhat too close to the Indian Reserve and in that case the fault rests with those who did so and not with the Indians.

As regards the Grant made by the Department towards the Indian School at Alberni, Mr Agent Guillod will be happy to furnish you with all the particulars you may require upon your applying to him therefor.

Your obedient servant,

Deputy Superintendent General,
of Indian Affairs.

Rev Sir,

I beg to acknowledge the receipt of your letter of 7th inst: relative to a communication received by you from Mr Scarlett, relating to certain views expressed by the Dept. about the building which it is proposed to erect at Alberni and in reply to inform you that the Department agrees to the erection of a school room detached from the main building as suggested by you, but with regard to the necessity for providing one within the main building the allowance of breathing space, the Dept. is of opinion that if the system of ventilation suggested by it, and which it considers decidedly preferable to that proposed by your architect, be adopted, the space which you show as available, even in the event of the number of pupils being increased to the number mentioned, will be sufficient

The Dept also thinks that there should be a bath room in the attic as well as on the first floor, all the more so in view of the probability of the number of pupils being so considerably increased, nor does it see why the Head of to keep there for use when required, need be allowed to interfere with the ~~habit of~~ practice of open air bathing ~~with regard to the boys coming from the Village~~ in the house, nor does it ~~see why the children should not be encouraged to take~~ The services of a man about the premises are doubtless necessary & from what you say the individual whom you propose to employ would be as unobjectionable an inmate as could be found, ~~but now~~ ~~this is a matter of principle~~ regarded ~~from that point of view~~ and no harm would be likely to result as long as he might remain, but for all that the principle of having a man of any sort sleeping ~~under the same roof~~ in a female institution can not be regarded with favour, and it would be ~~on~~ the safe side. It is thought that no great difficulty would be found in arranging to have some little place for him in proximity to the building & that such course would be decidedly preferable. With reference to information given to our local agent by Mr. Lebarbut, the Dept. ~~considers~~ has learnt by experience that it is most objectionable to have boys and girls in the same institution, unless by having separate buildings, or by some other arrangement they can be kept from the possibility of access to each other.

While the Dept would willingly afford any possible consideration with regard to extension of the time within which the grant might remain available, the difficulty is that Govt. do not ask for expenditure to the course of any given fiscal year, in case of the close thereof, such provision control, but no doubt by the purchase of material the expenditure could be made before 30th of June next.

CONDITIONS.—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding $200.00, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Ottawa, December 5, 1922/

Dear Sir,-

Replying to your letter of the 27th ult., with reference to the barn being erected at the Alberni Indian Boarding School, I beg to advise you that the Department approves of the high back concrete cow manger in place of the low concrete manger, with metal back and divisions, as specified; also, the installing of floor feed carriers in place of raise and lower feed carrier. You may also authorize the contractor to extend the manure carrier truck 40 feet outside of the barn. The contractor's price is accepted for the supplying and installing of 2" galvanized iron water pipe to supply water to the new barn.

You may arrange the doors in dormer at top of gangway on West side, as will meet the requirements and work in the most satisfactory way.

With reference to the steel columns, caps, bases, etc. which it is noted in the specifications will be furnished by the Department, I would ask you to have the contractor furnish these, the cost of same to be added as an extra to his contract.

With reference to the Louden fixtures, I would say that the Department will accept these as equal to those specified, and the contractor was so informed by telegram on the 27th ultimo.

I am returning herewith the contractor's copy of the contract duly signed by the Deputy Superintendent General, which I would ask you to kindly hand to him.

Your obedient servant,

Dear Sir

I went to Indian school Alberni on 24th inst. to give Mr Forrest the levels for new barn, the N. E corner is nine feet lower than the S. W. corner.
Owing to it being so high on the west side, we will have to do away with the door to the feed alley on that side, and put in a window in its place.
While I was there Mr Currie came along, and stated that he would like some changes. So I got the Contractor to figure what the differance would be.
Mr Currie wanted a high back concrete cow manger with metal divisions. In place of the low concrete manger, with metal back and divisions.
He would also like flow feed carrier, in place of the raise and lower feed carrier. He wants a bull pen front and gate, to make up the differance.

Mr Currie would also like the manure carrier track extended forty feet outside of barn. The Contractor was running the track ten feet outside of barn..

As the water pipe will have to be extended from the school, to the barn, a distance of five hundred and twenty feet. I told the Contractor to send in a price, to supply two hundred feet of two inch galvanized pipe with elbows and connections. and connect and lay same with three hundred and twenty feet supplied by Mr Currie.

The doors in Dormer at top of Gangway on west side, calls for sliding doors, but as the eves project one foot six inches, it will not be possible to open doors unless we build the dormer out two feet more. That would cost about sixteen dollars extra. Will I ask Contractor for price for above before he gets that far with building.

Will it be all right for Contractor to use London barn fixtures

Extract from Inspector's report on the Alberni Boarding School, January 23 and 24, 1923.

BUILDINGS.

This is a new building which was completed in 1920 and opened December of that same year.

There is accommodation for about eighty pupils and a staff of eight teachers. With very slight change the attic could be used to accommodate at least ten more pupils. A fire escape from the attic to the second floor could be very easily arranged and this would make the attic available for any additional pupils that might apply for admission to this school.

A new kind of covering was put upon the roof. This has not proved servicable, as the roof leaks in several places. The beaver board on the ceiling in some of the rooms has been damaged. This mars the appearance of these rooms very much. My own opinion is that this roof will give trouble until it has been covered with shingles.

DRAINAGE.

All drains are working well but the overflow from the septic tank lies around and becomes stagnant. In warm weather it is a menace to the health of the pupils. Six hundred feet of six inch pipe would carry this overflow to the river. The principal will undertake the work if the Department will supply the material. The cost would amount to about $100.00

Ottawa, February 7, 1923.

Reverend Sir,-

Replying to your letterof the 17th ult., with reference to the electric power used at the Alberni Indian Boarding School, I beg to say that if an electric lighting plant were installed at the school, the initial cost of installation, the operating of the plant, when taking into consideration the yearly depreciation of the storage batteries, would amount to more than what you are now paying for electric current used in the building.

With reference to your remarks regarding the operating of the laundry machinery, in order to overcome this difficulty, the Department is prepared to give consideration to the installing of a 3 H. P. Gasoline engine to operate the laundry machinery , in place of the present system.

I should be very glad to hear from you regarding the installing of a gasoline engine, if it is your desire that this engine be installed.

Your obedient servant,

(J. D. McLean)

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, January 25, 1923.

MEMORANDUM.

MR. SCOTT

A letter has been received from the Principal of Alberni Indian Boarding School, complaining that the cost of the electric current used for lighting this institution is too high and asking that consideration be given to the installing of a generating plant at the school. The building is now lighted from current furnished by the city of Alberni and the yearly cost at the rate of 15 cents per kilowatt hour amounts to approximately $250.00 per year. In his letter the Principal states that this yearly outlay for light would soon pay for a plant at the school.

With reference to this matter, I beg to say that the cost of operating an electric lighting plant if installed at the school, taking into consideration the yearly depreciation in the storage batteries, would amount to more than what is now being paid by the school for electric current, and I cannot recommend the installing of a lighting plant.

There is a point, however, regarding the current furnished the school, which might be given serious consideration. The city turns off the current during the day time and as the school is depending on this electric current for the operating of their laundry machinery, it is necessary for them to do most of the laundry work at night. To overcome this difficulty, a 3 H.P. Gasoline engine could be installed to operate the laundry machinery.

The cost of a Z type Fairbanks-Morse 3 H.P. gas. engine would be approximately $175.00, and I beg to recommend that Mr. Currie be authorized to purchase and have same installed.

Hon Sirs ,

In the matter of the Electric Power for our school . Should this not be paid by the Department ? At present we buy the power from the City of Alberni . And while we try to economize in the amount used yet our bills run into an average of $21.00 per month .

From 1st, July till 31 Dec. we used 94 K . W . H . at 15 ¢ per K . W . H . plus 20 % ~~-Fo$--Power-PURPOSES-IN-LAUNDRY--------~~$ 16.92

and 589 K.W.H. at15@ per K.W.H. plus 20% ,for lighting purposes $106.02

Meter Rental 3.00

Total $ 125.94

If the Department expect this expenditure to be met out of Maintainance . Then I think some other means must be employed to light the school .For $250.00 per year for light will soon pay for a plant of our own , Then we can have the power when we wish it . As it is we only have night service . And all our washing with the laundry machinery has to be done at night when the power is on . In the winter this is not to bad for we get the power about 4 P.M. and have it till about 9 A.M. But in the summer it is often 9 P.M. when the power comes or and is off again by 5 A . M. We see what chance this gives a staff to use the Laundry machinery in the summer months ,

If the Department will assume the payment of the power as now, it will save the cost of the installation of a plan of our own . But if this is to be met out of Maintainance then I believe I can save by adopting some other lighting system and running the Laundry machinery by a small gasoline engine, Yours faithfully, H.B. Dear Sir,-

Replying to your letter of the 12th inst., with reference to the space available for horse stalls, I beg to say that the width of cow stalls, in fact all of the measurements as shown on the plan, are in accordance with the sketch submitted by the Principal showing the accommodation he required in the barn.

You will observe that the cow stalls vary in width.

With reference to your suggestion re the building of three horse stalls in place of the four , I would ask you to take this matter up with Rev. Mr. Currie, Principal, and make whatever arrangements he desires, regarding this matter, providing the same will add no additional cost to the building.

Dear Sir.

In checking up measurements in barn for fixtures, I find that you cant get a 5' horse stall as marked on plan. the measurements only gives you 4' 5"
The measurements for the cow stalls is 42' so you can't take anything off the cow stalls, as they are small enough.
The space between cow stalls and horse stalls is 4' 10" by taking the 10" and adding it to horse stalls it would make them 4' 4½". but that is too small for heavy horses.
The bull pen is 12' and as the Contractor has ordered the bull pen front. I don't think we can make any change there.
If the Louden Company takes the stall measurement off the plan I'm afraid they will have to be altered. As they are shipped from Guelph.
I think the best way out of it will be to make 3 stalls instead of 4'. Let me know as soon as you can what to do

Dear Sir.

I told Contractor to put four ventilators in concrete wall, to let air circulate under wood floors in box stalls, and horse stalls. If the ventilators were not there dry rot would set in. they will cost about $10.00 I would like you to write and confirm it.

You will notice by the plans, that there is only one window in the feed room, it is at north side of silo Mr Currie would like to have a window in west side feed room.

Instructed the Contractor to leave an opening for me. until I got word from you.

The Contractor is starting on frame tomorrow.

I gave contractor a Certificate for $1741.00 this morning

Yours Respectfully

Hon Sirs,

In reply to yours of the 7 Feb. 1923 and No. 116620-5, "re Electric Power," I am of the opinion, that an engine, of 3 horse power, would do the work of running the Laundry Machinery - I would not care to dispense with our present equipment, as it is quite satisfactory when ever the power is on, But the Gasoline Engine, as an auxiliary, will do nicely to provide power when the Electric Current is off. I hope that in the course of a couple of years that there will be such a development in the district as will warrant a continuous Electric Current available,

If you decide to install the Gas engine, try to have it got under way, with as little delay as possible, as the season for its special need, will very soon be with us, The "Waterloo Boy" Waterloo, Iowa is about the best and simplest engine I have come across, and you will make no mistake in its purchase,

Yours faithfully,
H. B. Currie,

Dear Sir

I beg to report the siding on outside of Barn is now finished, and that the 1st coat of paint has been put on, and the painters are half way around with the 2nd coat.
The barn is being painted the same as the school as Mr Currie would like it to be the same.
The Contractor started to mix the paint in his work-shop. I told him he would have to bring paint onto the job, in the Bupco unbroken containers, he is now doing so. The painters had to stop working on the 14th 15th & 16th. on account of snow & rain.
Mr Currie is satisfied with 3 horse stalls in place of 4. that will make a saving to the department of about ~~$24.00~~
There should be a 4" field tile on the west side of foundation, as there is quite a fall to that side of barn. There will have to be about 110 yds of loam & hard-pan graded. The silo floor will be about 4 ft below ground on west side. The feed room door is now 3 ft below ground. There will have to be a road graded past the drive-way, and Silo around west side and past

the feed room door. The material that is taken from west & south sides will be used to bevel around north & east sides. The Contractor has leveled down all the material he excavated. Will I get tenders for the grading. or will you expect Mr Currie to do the work, I mentioned it to him, and he said that he did not have the time.

Mr Currie wants to know if the Department is going to put up eve troughs, and down spouts. I do not think it is necessary.

I asked Contractor if he would put up a concrete wall on each side of drive way and fill in between, in place of 6"x6" posts & 2" plank floor. He wanted $65.00 extra, I told him it was too much, then he came down to $50.00. I think that is also too much, so we would better let him do it according to specifications.

Sir:-

I have the honor to herewith submit Voucher No. 69A for $48.29 in favor of The Albion Stove Works, Ltd., of this city, for repairs to the bake oven at the Alberni Indian Boarding School.

In explanation I may say that on the 19th of December Principal Currie wrote me that the oven had given out and there was no one around Alberni who could fix it and asked me to have a man sent from Victoria or Vancouver in order that it might be repaired by the time the children returned to school at the beginning of the New Year. I, therefore, had The Albion Stove Works, of this city, send up one of their experts to attend to the matter. He has reported that the oven is now in good shape. You will remember when furnishing the Alberni School it was impossible to obtain a new portable oven on the Coast and in order that one might be on hand at the opening of the of the School a second-hand one was purchased locally.

I would recommend that this account be paid.

Dear Dr. Edmison:-

Will you kindly notify the Indian Dept., Ottawa, that our W.M.S. Board feels strongly that a fire- escape should be placed on the Alberni Indian Boarding School. We are using one of the third storey rooms for one of our teachers but do not think any of the children should occupy these dormitory rooms without some means of egress in event of a fire.

We feel sure the Dept. will look after this at an early date as they have always required fire escapes in all of their schools.

Memorandum: Mr. Scott.

Approved

Mr. Warnock, the Inspector of the new barn being erected at the Alberni Boarding School recommends that 4" field tile be laid on the West side of the new barn, as owing to its location water from a hill is finding its way to that side of the barn. He was written to and asked to submit a price for this work. A letter has been received in which the contractor for the barn has agreed to lay the tile on the west side of the barn and cover same with broken stone for $28.00, and also to excavate the hill on the west and south sides of barn, and remove the excavated earth to the east and north sides of barn for $147.00.

As it would appear that this work is very necessary I beg to recommend that the contractor be authorized to have same done, the cost to be added as an extra to his contract.

EXD

Ottawa, March 16, 1923.

Dear Dr. Edmison:

I have your letter of the 10th instant, enclosing a copy of a communication from Mrs. Clark, of the Woman's Missionary Society, relative to the need of a fire escape at the Alberni Indian Boarding School.

I am pleased to inform you that I have given instructions to our local representatives to make arrangements for two fire escapes from the third story to the balcony floor. These will be installed as soon as possible. This action has been taken because of the increasing pupilage at the Alberni institution. I am informed that top floor space will be needed for dormitory accommodation, in the near future.

Yours very truly,

Duncan C. Scott

Sir:

The pupilage at the Alberni Boarding School has been increased, and I am informed that it will be necessary to provide dormitory accommodation for some children on the top floor. Two steel fire escapes should be provided, leading from rear windows to the balcony. Will you communicate with Mr. Agent Cox, with a view to getting any information needed, secure competitive prices for the manufacture of the necessary equipment and place the order. Please arrange for the installation as early as possible, and submit properly certified vouchers to the Department, accompanied by a list of firms asked to quote and the prices quoted.

Sir:

I have to inform you that it has been decided to install two steel fire escapes from rear windows to the balcony floor, at the Alberni Indian Boarding School. The Presbyterian Church authorities have drawn our attention to the advisability of supplying this equipment, in view of the increasing pupilage. Mr. Inspector Ditchburn has been instructed to secure prices and to arrange for the installation. Any assistance you can give him will be appreciated. Kindly inform the Principal.

The Superintendent of Indian Education has mentioned the need of a drain from the level below the septic tank. You are authorized to purchase, after securing competitive prices, 600 ft. of 6" field tile. The Rev. Principal should arrange for all the necessary labour, without cost to the Department.

Memorandum.

Mr. Scott:

When the Alberni Boarding School was erected, a third story was partly finished. It was the intention to use the attic floor for dormitory accommodation, when an increased pupilage made the extra space needed. It is now the intention, with the sanction of the Department, to take in more pupils, and two steel fire escapes must be installed from back windows to the balcony floor. The cost will not likely exceed $500. I would recommend that Mr. Inspector Ditchburn be asked to secure competitive prices and to arrange for the installation.

Dear Sir

I beg to report that the work on Barn at Alberni Boarding School is progressing. The Contractor will be finished in about 2 weeks. he has to hang the doors, build the Silo, and gangway. and the electric wiring. yet I sent in an estimate to you for grading and 4" field tile, (~~$185.00~~) on the 8th inst, and as I did not get your approval, I dont want to tell the Contractor to go ahead. This work should be done before the Silo & gangway are done. as it will take more time after. They will not be able to use the barn until the grading is done.

Dear Sir,-

Replying to your letter of the 20th inst., with further reference to the installing of fire escapes at the Alberni Indian Boarding School, I beg to say that I agree with your suggestion regarding the installing of a brass pole with proper trap doors leading from the upper dormitory to dormitory on second floor. You may therefore make arrangements to have these installed.

If the work is done by contract, it will be necessary to obtain competitive prices before authorizing the work. It could be better done, however, by day labour.

Sir:-

(1) Replying to your letter of the 16th ultimo, referring to the question of the installation of two steel fire escapes at the Alberni Indian Boarding School from the top floor to the balconies on the second floor, I beg to say that as the outcome of a conference with Principal Currie and Indian Agent Cox on this matter it has now been suggested that brass poles should take the place of the ladders and I would recommend that this substitution be made, for if ladders are installed they would interfere with the closing of the balconies by wire netting already provided to prevent access by the boys to the balcony adjoining the girls' dormitory.

It appears to me that the simpler thing to do would be to have these brass poles erected from the ceiling of the top storey through the floor down to the floor of the dormitory immediately below on the second floor in a position near enough to the door leading to the balcony where the other poles are erected. By adopting this method the cost would, no doubt, be considerably less.

Please let me hear from you in this matter.

Dear Sir

I beg to report progress on the New Barn at Alberni Boarding School. The work to be done now to finish is as follows. Swing pool for manure carrier, hardware on doors & windows, Eletric fixtures, one coat of paint on Silo. and finishing coat of cement on concrete walls. Mr Currie put a car of hay in the mow yesterday. there should be a 2" floor laid on top of the 1" floor in the hay mow in front of the drive way as heavy teams might put their foot through the 1" floor. I did not get any word about 4" tile or grading, but that work should be done.
There were four men working on the job daily from Mar 31st until April 13th. As I dont think it is necessary for me to be on the job every day now I will not go out after monday until the Contractor is finished. I will then go out and give it the final inspection.

Hon Sirs.

The three H.P. power Gasoline Engine Ordered from Can. Fairbanks - Morse Co. to operate Laundry machinery has arrived in good condition. I have certified to accounts and am returning same,

Also I have made arrangments with the Port Alberni Boat works for the installation of the engine,

Thank you for this engine, as it will be a very great convenience to the Staff in carrying on the Laundry work.

Also a Set of the "Book of Knowledge" for supplementary reading has been received, I consider this a splendid set of Books for the purpose, and desire to express my appreciation of same.

Yours faithfully

Dear Sir

Mr George Forrest,
Contractor for Barn at Alberni has been finished for 45 days and has made good, the little faults that I thought should be made right, and he is now entitled to the 10% held back on his contract ($673 50/100).

The grading around the Barn is finished, but the two inch pland in the hay mow has to be done yet. I might say that Mr Forrest sub let the grading to Mr Currie and he made a very good job of it. he done a lot more than what was called for.

Your Respectfully

Sir:-

Referring to your letters of the 16th March and 26th April, dealing with the question of installing fire escapes for the attic dormitories of the Alberni Indian School, I am herewith submitting Voucher No. 25A in favor of the Hafer Machine Company, of this city, for $150.99 for the two brass poles, prepaid freight and cartage charges; also Voucher No. 79 from the Alberni Office for $52.85 in favor of E. A. D. Jones, of Port Alberni, who installed the poles. Mr. Currie, the Principal of the School, has certified that the work has been done satisfactorily. The Hafer Machine Company supplied the brass poles for the fire escapes at this school to the contractors in the first place.

Please have cheques forwarded to the firms above mentioned.

Dear Mr. Comrie

Enclosed please find estimate for supplying pipe & fittings also the installation of fixtures, 3 Toilets 1 Bath & Lavatory Basin.

Mr Buckingham told me he was only sending in estimate for Fixtures namely the 3 Toilets 1 Bath & Basin, So that my estimate is for Pipe, Fittings & Labour on the whole of the installation.

Sorry I have not been able to forward this to you earlier, as I have been away, and I could not get the full details wanted before I started.

Another item I must also mention is re sky-light on roof, which I have not figured on in estimate at all.

Dear Mr. Ditchburn:

I have to inform you that Dr. Edmison, General Secretary of the Board of Home Missions for the Presbyterian Church in Canada, has drawn the Department's attention to the advisability of providing toilet and bath fixtures on the third floor at the Alberni Indian Residential School.

As you are no doubt aware, this floor is now being used for dormitory purposes. We are informed that you have discussed this matter with Mrs. Horne, of the Presbyterian Women's Missionary Society, and I should be pleased to have your report and recommendation, before consideration is given to Dr. Edmison's request.

Dear Dr. Edmison:

I have your letter of the 6th instant, enclosing copies of communications from Mrs. Horne, of your Women's Missionary Society and from the Rev. Principal - both relative to the need for a recreation building at the Alberni Indian Residential School. I have also noted that Mrs. Horne draws attention to the advisability of providing plumbing fixtures on the third floor at the school, now that it is being used for dormitory purposes.

In reply I wish to state that there are no funds available for assisting with the recreation building. If it is your wish, this matter can be kept in mind and an item, placed in our Estimates for the coming fiscal year.

With reference to the toilet and bath fixtures for the new dormitories, I note that Mr. Inspector Ditchburn has been approached. I have to inform you that I am directing a communication to him today, in this connection.

Yours very truly,

Dear Dr. Scott,-

Enclosed please find a copy of a communication I have received from Mrs. Horne, who is at present in charge of the Indian work for the Women's Missionary Society, also a copy of a letter from Mr. Currie, the Principal of Alberni School, with a plan submitted by Mr. Currie for a recreation building. I will be glad if you would take this up with your Agent at the Coast. You will note that Mr. Currie is willing to finance part of the enterprise, even if this would mean the sacrifice of something else.

Rev. J. H. Edmison, D. D.,
Home Mission Office,
Toronto, Ont.

Dear Dr. Edmison:-

Please find enclosed some draft plans with accompanying explanation and estimated cost, sent me by Mr. Currie of Alberni, who asks that they may be forwarded to Ottawa. He also expresses the hope that they will go endorsed by you and the W. M. S.

The recreation hall is needed and was, I think, recommended by Drs. Wilson and Clay in the report they sent you some time ago, following their visit to Alberni.

The present rooms are not adequate, nor are they suitable as recreation rooms. They are in the basement, and are suitable places for the children to gather in and tidy up, before going into the dining and class rooms. Even if they were suitable for recreation purposes, they would not give proper accommodation to more than half the present pupilage.

I sent these papers all down to Mrs. Clark, in order that she might consult with you. You were out of town at the time, and now Mrs. Clark has been ordered to bed for three weeks absolute rest. So the matter has been returned to me to place before you. Mrs. Clark and I feel there is need for this recreation hall, but we regret that the request did not come in earlier, so as to be included in the Gov't estimates for the fiscal year.

The sum, however, is small, and Mr. Currie is prepared to assume half of it, so possibly it might be considered as an emergency and secured in that way. I would like to have spoken with you on the matter, but that would cause further delay as I do not return to the city until Sept. 11th.

When you send this on to Ottawa, will you, at the same time, kindly draw attention to the absolute necessity of making provision for baths and toilets on the third floor at Alberni, now that they are having to use it for dormitory purposes.

I spoke of this to Mr. Ditchburn when I met him in Victoria, and saw that he was not enthusiastic about the expenditure. Mr. Currie, in his letter, says - "In the matter of bath and toilet accommodation on the upper floor, I took this up with Mr. Ditchburn. He would not sanction the expenditure, but referred the matter to Ottawa. I have had no word since." -

The water pipes are laid to that floor, but there are no fittings. I would not consider the pressing of this matter in any way unreasonable. It is a necessity. Moreover, if this school is to have a male teacher, other changes should be made in the matter of staff room and toilet arrangements.

The present plan provides for a female staff only - apart, of course from the principal, and present arrangements will not be suitable when there is a mixed staff. If there are any points in connection with either of these matters on which I could give you further information, my address until Sept. 8th, will be Ipperwash Beach, Ravenswood P. O., Ontario. After Sept. 11th, I expect to be in Toronto, again.

Yours sincerely,

Alberni, B. C., August, 1923.

The Department of Indian Affairs,
Ottawa, Canada.

Hon. Sirs:-

At the present time we have 90 pupils enrolled, 48 boys and 42 girls. This number is ready to grow just as soon as this school is ready to open her doors to new pupils. From thirty to fifty pupils might readily be obtained right now, were we open to receive them. I only mention this here to indicate to you that this school is bound to grow, and so the thing I am at this time approaching you for is not for the present only, but is a part of the necessary equipment, the need of which will, as time goes on, be felt more and more.

There are two play rooms in our school, one for boys, one for girls. The size of the said play rooms is 21 x 33 feet. I might here draw your attention to the need of play rooms here on the West Coast of Vancouver Island, more perhaps than any other place in the whole Dominion. For days at a time, (I might say weeks and be literally true) it never stops raining at certain periods of the year. At such periods the pupils out of Class Room hours, have no place to go but to the said play rooms, where they are so crowded that they cannot play. It is bad for their health and for their morals. It is little short of criminal to continue or to try to put in another winter (the wet season) as we now are, with our increased enrollment. It was bad last winter, but so many new pupils makes it imperative that the matter be no longer delayed, but that steps be taken to remedy the situation at once before the wet season starts. Our climate is the finest in the world and all the pay hours are spent out of doors.

After much mature consideration, I have come to the conclusion that to meet the situation a building at least 80 by 36 feet with 14 foot walls, suitable for such games as Basket Ball and for Gymnasium, is what we require. This building does not necessarily need be warm or expensive, but on account of its size it is bound to run into quite an item. For the time being, I would like to try it with an earth floor. If the earth floor proves unsatisfactory, I would make provision while building so that Joists and floor may be easily be added later.

I am submitting for your approval a plan with estimates of the said play room. This is a proposition ratherlarger than I am able to finance at the present time, unaided, but to assure its immediate construction, I am ready to sacrifice in some other quarter and will agree to meet half the cost. Or what is perhaps more definite, if the Indian Department will contribute $600.00, I will undertake to erect such a building, in every way, neat, strong and satisfactory.

As this is a matter urgent I will be pleased to receive your early approval of the proposition. Your cheque for the six hundred after the completion to the satisfaction of your Indian Agent.

Yours faithfully,

Signed: H. B. Currie.

EXTRACT FROM AGENT'S MONTHLY REPORT ON THE ALBERNI RESIDENTIAL SCHOOL FOR THE MONTH OF MAY, 1925.

A number of minor repairs are necessary to the plumbing in latrines, wash houses and in laundry. To estimate cost of same is very difficult.

Fire hose for use on hydrants outside the building is worm out, is leaking badly and would most likely give out if used under full pressure. Immediate replacement advised.

Ottawa, June 4th, 1925.

Sir:

Mr. Agent Frost, Port Alberni, has brought to the notice of the Department the need of repairs to the plumbing system at the Alberni Indian Residential School, and requests that early consideration be given to same. He forwards a letter from Robert Herbertson, a plumber of Port Alberni, in which it is stated that it is very difficult to give an estimate as to the cost of the work required to be carried out, as some of the work is covered up in the concrete floors. It is also stated that all the water closet flush tanks are falling down, as apparently they were only fastened to lath.

I have to request that you will furnish a report stating what is required to repair and place this system in good condition. You should also state the approximate cost of having any work which you recommend carried out. I shall be pleased to have this information at your early convenience.

The Agent also draws attention to the urgent need of new fire hose, as he states that the hose at present in use is practically worn out. In this connection I enclose herewith a copy of his report regarding the matter. I shall be pleased if you will arrange to purchase, after obtaining competitive prices, approximately 250' of 1½" hose, also 1 nozzle, 2 reducers and 5 sets of couplings. This equipment should be supplied at an early date. Please forward properly certified vouchers, in duplicate, covering the expenditure incurred. A memo. should accompany your vouchers showing the names of the firms asked to quote and the prices quoted.

Your obedient servant,

J. D. McLEAN

Sir:-

I have the honour to bring to the notice of the Department of Indian Affairs, the need of repairs to the plumbing system at the Alberni, Indian Residental School, and respectfully request that this matter be given early consideration, I requested Mr Herbertson, a plumber, to examine the system and if possible to make an estimate of the probable cost to put the system in good order, a copy of Mr Herbertson, s letter is attached hereto.

I also found the hose supplid for use for fire protection, is worn out and should be replaced as early as possible, the hose on hand is canvas, 2", and has been in use about 5 years, it leaks badly in many places under easy presure, and would undoubtedly burst if subject to a full head of pressure in the event of a fire,
I would further respectfully suggest that the hose supplied to replace that wornout, should be 1½", and that the necessary reducers be fitted to the hydrants ar which this hose is used, my reasons for the suggestion, are, The hydrants are 2", and a far better head of pressure is obtained, when a smaller diameter hose is used, further, the City has on hand hose that could be used in connection with 1½" fittings, but has no hose or connections to match that now in use at the Alberni School, so that in the event of a cerious fire at that institution, it is now dependant entirely on its own resorces, but, if supplied with hose matching that in use by the city fire brigade, outside appliances could be used in the event of a cerious fire.

I made enquiries of the Fire Chiefs, as to the efficiency of the 1½" hose and they strongly recommend it with 2" hydrants.

1½" Insurance Mill, brand hose, 250 feet would cost $90.00. Nozzle, $ 1.50. 2 reducers for hydrants, from 2" to 1½", $ 2.50. each, 5 sets of couplings, attached to 5, fifty foot lengths of hose, $ 14.00. The probable approximate cost will be under one hundred fifteen dollars, including express Or freight.

Dear Sir:-

As requested by you I visited the Indian Mission School to inspect and give estimate on plumbing plant. I beg leave to submit report to you as follows:-

It is almost impossible to give estimate on work to be done as for instance, some of the work is covered up in the concrete floors, almost all of the W. C. flush tanks are falling down as apparently they were only fastened to lath; these would have to be taken down and a board set flush with plaster to fasten tank in a satisfactory manner. In disturbing old work one cannot tell what is likely to happen before the job can be passed as O. K.

It has always been my policy to do first class work and if I am favored with instructions from you to proceed with the necessary repairs, I can promise you a first class job, and reasonable. This work would have my personal attention.

Reverend Sir:

I have to inform you Mr. Inspector Cairns recommends that the outbuildings and grounds at the Alberni Indian Residential School be placed in better condition. He suggests that the old barn should be torn down and that the lumber in it and in the former classroom be used in the erection of a pigpen, henhouse and woodshed. Mr. Cairns refers to the present hogpen as a poor object lesson for the boys of the school. I should be pleased if you would comment on this report and indicate if you can take the action recommended.

Sir ;

This acknowledges the receipt of your letter of March the 9th.No. 159-1-5. With referenceto the filthy state of the pig pen at Alberni Residential School,I may say that I mentioned the matter to the Principal and he and I visited the pig pen. He also informed me that a few days previous a litter of pigs had died because of the bad conditions that prevailed.He furth er told me that he intended to erect a new pig pen at an early date,at the same time showing the location for the new building.

In my reports on this school,I have frequently urged that work should be done to bring the surroundings into harmony with the striking appearance of the school building and the new barn.Very little has been done.May I request the Department to write Mr. Currie,the Principal,suggesting that he put things in better shape.

The old barn might be torn down,somwthing might be done with the building that was used as a class room.The lumber in these buildings would go far toward erecting a good pig pen. A hen house and a wood-shed should be erected.There is a surplus of over $550.00;some of this might be used to put things in better shape.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

February 27, 1924.

Memorandum for

Honourable Charles Stewart.

The Presbyterian Church Authorities have urged the Department to make a grant towards the cost of a recreation hall which they are building at the government owned Alberni Indian Residential School in British Columbia. I informed Dr. Edmison that we might have to make arrangements for the necessary appropriation, but it was not included in the 1924-25 Estimates for Indian Education because of my wish to keep the expenditure for the coming fiscal year as low as possible.

The structure has been completed and the Church Authorities have forwarded receipts showing an expenditure for materials and labour amounting to $1535.96. The Department is asked to meet half the cost ($767.98) and I believe favourable consideration should be given. Funds are available in the present fiscal year's Appropriation for Indian Education and I should be pleased to have your authority to make the grant. The building is on our property.

Deputy Superintendent General.

Memorandum:

Honourable Charles Stewart.

The Presbyterian Church Authorities have urged the Department to make a grant towards the cost of a recreation hall which they are building at the government owned Alberni Indian Residential School in British Columbia. I informed Dr. Edmison that we might have to make arrangements for the necessary appropriation, but it was not included in the 1924-25 Estimates for Indian Education because of my wish to keep the expenditure for the coming fiscal year as low as possible.

The structure has been completed and the Church Authorities have forwarded receipts showing an expenditure for materials and labour amounting to $1535.96. The Department is asked to meet half the cost ($767.98) and I believe favourable consideration should be given. Funds are available in the present fiscal year's Appropriation for Indian Education and I should be pleased to have your authority to make the grant. The building is on our property.

MEMORANDUM

OK Dcl
MR. SCOTT.

In September, last, the Department promised favourable consideration in connection with a grant to the school authorities if a recreation hall was erected at the Alberni Indian Residential School. The request was later included in Dr. Edmison's list for the 1924-25 Estimates.

The erection of the recreation hall has been completed, and Dr. Edmison has forwarded receipts totalling $1535.96. I wish to recommend that the Department make a grant to the Presbyterian Church authorities amounting to one-half the cost of the building, which is without question a splendid asset. Funds are available in this fiscal year's appropriation.

Dear Dr. Scott,-

On November 20th. we wrote giving a list of our requirements for 1924. In that list we asked for half the cost of a recreation hall at Alberni, B.C. Recently I learned from the Women's Missionary Society that the need for this had become so urgent that Mr. Currie went ahead with the work and I believe it is completed. I at once got in touch with Mrs. Horne of the W.M.S. and asked her if she would secure from Mr. Currie the statement of the cost and the receipts. I am enclosing now a copy of a letter sent by Mr. Currie to Mrs. Horne, with the receipts, also a copy of a letter from Mrs. Horne, dated February 18th. I hope the Department will grant us half the cost of this. If these receipts are not necessary for your files, we would be glad to have them returned.

Yours sincerely,

J H Edmison

Dear Dr. Edmison,-

As you requested, I am now enclosing the receipted accounts for the erection of the recreation hall at Alberni Indian Boarding School. I received them today from Mr. Currie, the Principal, who certifies that they are correct.

Will you kindly send them on to the Department of Indian Affairs at Ottawa.

We are sure that this hall will commend itself to the Department, for it is a decided acquisition to the fine plant at Alberni. With an attendance of well over eighty the available recreation space within the mainbuilding was inadequate, especially in a climate where there is so much rainy weather. This hall solves the problem, and we are hoping that the Department will find it possible to grant our request, made some time ago, and allow us for at least half of the cost.

Yours truly,

(sgd.) (Mrs. H.R.) Helen W. Horne
Asst. Sec. for Indian Work.

P.S. Do you know if the receipts enclosed will be returned?

Rearrangement of Staff accommodation, with addition of necessary bathroom, etc.
Half the cost of the Recreation Hall.

The erection of a Recreation Hall at Alberni is in line with recommendations made to us in a report by our Home Mission Superintendent for B.C., and a representative of Victoria Presbytery, after visiting Alberni School in company with Mr. Ditchburn, Inspector of Indian Agencies.

They strongly advised the appointment of a male assistant for the Principal, to help particularly with the boys, and recommended the erection of a recreation hall. We heartily concurred in this. The B.C. climate demands for considerable periods, indoor recreation rooms. Those provided in the Alberni School are in the basement, and are too small for the number of pupils now in attendance. The need is particularly marked on the boys' side. The sewing room in some measure relieves the difficulty on the girls' side.

Plans were submitted to the Department during the past summer, the estimated cost was small, andthe Principal undertook to meet half. It was urgent that the building should be ready before the bad weather set in this fall.

The Principal is meeting half the cost, and we are confidently hoping that the Department will make good the other half as requested in the explanations which accompanied the plans now in the hands of the Department.

The request for rearranged Staff accommodation, with additional Staff bathroom, grows out of the report above referred to, followed also by a similar request from the Department re the appointment of a male assistant for the Principal. We have endeavored to comply with this request, but as can be readily seen, the introduction of increased male staff to a building arranged with a view to a female staff only, means rearrangement of rooms, and consequent additional bathroom accommodation. Representations regarding this requirement are already in the possession of the Department.

Sir:-

I have the honour to herewith submit Voucher No.50A for $10.84 in favor of the Albion Stove Works, of this city.

In explanation of this account I beg to say that recently when on a visit to the Alberni Industrial School a complaint was made to me that the kitchen range would not sufficiently heat the hot water in the 80-gallon tank, and on my return to the city I took the matter up with the Albion Stove Works, who furnished the range, to see what could be done to remedy this difficulty. The firm informed me that the only way to overcome this trouble was to put in a second coil in the range. I therefore authorized the firm to make the coil and ship the same to the School by prepaid freight and notified the Principal to this effect. I would recommend, therefore, that this account be paid.

I have at last got quotations on the plumbing fixtures required before the top Dormitory of our School can be put into use .

What I require is one toilet on the second floor , on th the girls side of the school . (The floors are -- Basement , Ground Floor. First Floor , Secord Floor .) For this toilet I propose to have one corner (North West) partitioned off 4 x 4 feet , this takes in one window , see the photo enclosed . The soil pipe from this toilet will go through the wall and run down the outside of the building , as indicated by red line on Photo, and connect with a waste dead end now there . Water to supply this Toilet for flushing purposes is now in this Dormitory and can easily be connected u up . The only carpenter work in connection with this is 8 feet of partition 8 feet high , and one door .

On the Boys side of the school one toilet is required for the boys . One toilet for the Staff , A Staff Bath Tub , and a wash bowl I propose to install the whole lot , in the small room taken off the Dormitory on the second floor , at the time the school was built, for a disinfecting room This Disinfecting room is directly over the boys wash room on the first floor . The soil pipe from the above fixtures will come through the floor and be suspended to the ceiling in the boys wash room , cross this room , run down the wall, exposed, again going through the floor to the hall of the ground floor, crossing said hall suspended to ceiling , passing through hall wall, into hall that runs to the laundry , then down to connect with soil pipe passing, at present, through the groceries store room on the basement floor . This soil pipe at present is in use in connection with the bath room fixtures in the Boys Infirmary . The Carpenter work necessary is as I have indicated on the rough sketch enclosed . And a window in the roof both for light and ventilation . At present this disinfecting room is dark.

I am enclosing you the three tenders I have received for this work , together with my remarks to each . The first tender is Thacker and Holt , Victoria , for $ 530.00 the school to furnish accommodation for their mechanic . freight fixtures from station to school and in conversation with me said that it would not pay to take a carpenter from Victoria to Alberni but for me to add to their tender what I considered the cost of the Carpenter work and material would amount to . My estimate for this , and what I would agree to have it done for is one hundred dollars . So really for the complete work Thacker and Holts tender is $ 630.00

The second tender is that of R,W,Evans , Alberni . for the complete work at $622.00 . This is the tender that were I to let the contract would accept .

The third tender is in two parts , I might say three part The first part of this tender is from the Port Alberni Hardware store and is for the fixtures only $ 275.00 The second part of the tender is from H . E . Neale , to do the installation , supply soil pipe and fixtures at $ 462.50 , The third part of this is the Carpenter work , you see Mr Neal says he has not figured on that at all . So I take it that he wants us to

Sir:-

I beg to acknowledge the receipt of your letter of the 12th instant, relative to the installation of toilet and bath fixtures on the third floor of the Alberni Indian School.

In reply I beg to say that when Mrs. Horne, of the Presbyterian Women's Missionary Society, visited the Coast some time ago she called on me and intimated that some additional fixtures might be necessary if another male teacher or assistant principal were to be added to the staff. Principal Currie also wrote me on this subject some two months ago but as he did not say just what was wanted or give any approximation of the cost I wrote him requesting that he obtain estimates locally and forward the same to this office, together with a sketch, when I would lay the matter before you. I informed Dr. Scott of what I had done.

I have just received a letter from Principal Currie, with which he has furnished a sketch of what he requires, and tenders from three firms are as hereunder:--

R. W. Evans, Alberni.....	$ 622.00
Thacker & Holt, Victoria, $530.00+$100.00..	630.00
H. E. Neale, Port Alberni.....	837.00

Dr. wishes work done
R.J.S.

Providing the Principal's estimate of the cost for carpenter work is correct ($100.00) the most acceptable tender is that of R. W. Evans, of Alberni.

Attached hereto please find Principal Currie's letter, sketches and tenders. I would recommend that these fixtures be installed. If you concur in this, please determine on which tender is the most favourable and instruct me in the matter. I should like the papers returned after you have made copies for your own files.

Dear Sir:-

Re Plumbing, Indian School Alberni.

We have visited the above school and made a careful examination of the plumbing and heating, the writer has not found any serious defects in the job. What matters are to attend to are as follows:

The supply of water seems to have a certain amoung of grit washing through which has cut the seats of some of the valves and taps, destroying the washers; about 20 taps will require to have the seats reground and about 50 taps to be rewashered. Seventeen of these taps are in the Laundry. Four compression taps in the public lavatory have the handles broken off and will need renewal. Two lavatory basins have come loose from the wall and will need to be reset; one toilet bowl is choked by something becoming permanently lodged in the earthenware bowl and will need to be renewed; one Toilet Bowl is cracked and will need renewal. There are six Toilet Tanks out of order; one of these will have to be renewed, the others wanting certain parts and all want new rubber flush valves and ball cock washers.

The supply to the Slop Sink is choked in the wall and needs to be cut out and cleared. There are two Toilet Seats broken and will have to be replaced; new stoppers for twelve wash basins and four baths are required. The Bath in the girls lavatory on ground floor is disconnected and the waste in the concrete floor choked; a portion of the floor will have to be taken up, the pipe cleared and repaired and the bath replaced, the main waste valve on the washing machine is broken and needs repairs.

The estimated cost of the above work will amount to approximately $225.00, and we hereby guarantee to do the work at this figure.

Awaiting your further esteemed orders.

Yours truly,

Dear Sir:-

Replying to your letter of the 4th instant referring to the report from Mr. Agent Frost, of the West Coast Agency, that the plumbing system at the Alberni Indian School was in need of considerable repair, I beg to inform you that recently Mr. Wm. Holt, of the firm of Thacker and Holt, Victoria, (who installed the plumbing system at this School) informed me that he had to go up to Alberni on business, and, as he was conversant with the system at the School, I asked him to look over the condition of the plumbing and give the Department a report on what was necessary and the price for putting the same in good condition.

To-day I have received a report from Messrs. Thacker and Holt on what is considered to be necessary and offering a price of $225.00 to do the work. A copy of this report is attached hereto for your information.

The wearing out of the valves and washers in the taps is no doubt due to the fact that considerable sediment got into the water main, when it broke on two occasions a few years ago. It would appear to me that the balance of the work necessary at this time is due to either carelessness or wilful destruction on the part of the pupils owing to lack of proper oversight by the authorities at the School, for it is remarkable to say the least, that whereas the plumbing system at the Kuper Island School put in by Messrs. Thacker and Holt now nearly fourteen years ago, is to-day in splendid condition, but the system at the Alberni School is, after a much less time, in the condition reported.

As the plumber Robert Herbertson, of Port Alberhi, does not appear to be in a position to give a figure for the work, I would recommend that the offer of Messrs. Thacker and Holt be accepted.

With regard to the 250 feet of 1½" hose, couplings, nozzle and reducers which you requested me to purchase, I beg to say that these were ordered from the Dominion Rubber System (Pacific) Limited a week or so ago, and voucher and abstract of tender have been forwarded to the Department.

Dear Sir:-

Our B.C. Advisory Committee have secured a Senior, Male Teacher for our Alberni, Res. Indian School. He is strongly recommended by Commissioner Cairns of B.C., and is a married man with two young children. It will be necessary for us to furnish a cottage for him and his family at once.

Mr. Cairns has recommended that the old class room, built in 1911, could be fitted up for this purpose at a cost of about $300.00. This is a substantial building with a good cement foundation. Mr. Cairns further suggests that a portion of the work could be done locally under the supervision of Mr. Currie and Mr. Johnson, who has manual training.

We are anxious to make it possible to retain Mr. Johnson in this position, and await your favorable reply at the earliest date possible.

It will be necessary also in the near future to provide a cottage for the farmer on the property if we are to keep a competent man.

Yours sincerely,

Adelaide Clark

Dear Mrs. Clark:

I have your letter of the 10th instant and I note your strong recommendation that the old classroom be fitted up as a residence for a married member of the staff. In view of the situation which you mention, the Department will allow $300 for renovating and fitting up a residence,,if the Rev. Principal will make requisition to the local Indian agent. Our Mr. Ferrier is aware of the need for outside quarters for the staff at this school. You may, therefore, make the necessary arrangements to secure a male teacher who is married for the Alberni Indian Residential School.

Sir:-

I beg to inform you that some little time ago I received a letter from Mr. Indian Agent Frost in which he informed me that the Inspector of Boilers, during his inspection of the steam boiler at the Alberni Residential School on the 24th of July, last, had stated that it was necessary to have the blow-down return valve overhauled; the front arch of the firedoor rebuilt and that the fire grates should be renewed. He also stated that the tubes were pitted internally. The Agent further informed me that Principal Currie had asked Mr. Holt, of Messrs. Thacker & Holt, to look over the work mentioned and give an estimate of the cost. This was while Mr. Holt was repairing the plumbing system.

I got in touch with Mr. Holt, asking him what he knew about the work spoken of by Indian Agent Frost and he stated that while the Principal had him look over the blow-down return valve, the front arch of the firedoor and the grates of the boiler, he did not know anything about the tubing being pitted but he would see the Inspector of Boilers and make a report to me. The Inspector of Boilers has only just returned to Victoria and Mr. Holt has reported that so far as the pitting of the tubing is concerned this can be retarded by the use of a little soda and Principal Currie has been so instructed. Mr. Holt, therefore, offers to install a complete set of new bars, overhaul the front of the brick-setting, supply new gasket for the manhole and new

We have received a report from the Boiler Inspector with reference to the pitting of the tubes and are advised that there is nothing but a little natural pitting which is not serious, this can be retarded by the use of a little sode, Mr. Currie has been instructed in this matter.

With reference to the firebars & brickwork, to install a complete set of new bars, overhaul the front of the bricksetting, supplying new gasket for manhole and new valve for Blow-off line would cost $145.00.

On receipt of their invoice it was sent to Agent Frost for verification, and through some error it was found that one toilet in the boys' lavatory was without a seat. However, Agent Frost in his letter of the 28th instant, a copy of which is hereto attached, informs me that the fourth seat has now been installed and the account is, therefore, in order for payment.

Sir:-

I have the honor herewith to submit Voucher No. 92-A for $10.00 in favor of Mr. E.M. Whyte, of Alberni, B. C., for the installation of annunciator bells in the infirmary of the Alberni Indian School.

In connection with this I beg to say that in August, 1923, when I was at the School, Mrs. Currie pointed out the desirability of having these annunciator bells from the infirmary to the downstairs part of the School and as Mr. Whyte, who had been doing some work at the School at the time, was present, he offered to install the bells for $10.00 and I authorized the work to be done. Mr. Whyte, however, neglected sending in his account until the 5th of the present month. I beg to recommend that the same should be paid.

Sir,-

With reference to your letter of the 25th ultimo, I beg to return herewith voucher No. 118 A amounting to $191.69 for repairs to the heating plant at the Alberni Residential School. Before payment can be considered it will be necessary to attach to the voucher the contract entered into with Messrs. Thacker & Holt to do the said work at a cost of $145.00, as it will be required by the Audit Office. It should also be stated whether other firms were asked to tender for this work, or was it simply given to this firm at their own price. Competitive prices for such work should always be obtained if possible.

Dear Sir:-

I have the honour herewith to submit voucher No. 118-A for $191.69 in favour of Messrs. Thacker and Holt for the repairs to the furnace and boilers at the Alberni Indian School.

The original contract was for $145.00, but on taking out the old bars, it was found that the supports of the same had to be renewed, and this entailed a further expenditure of $46.69.

Attached hereto please find copy of a letter from Messrs. Thacker and Holt on this point, and the certificate of the Principal of the School and the Indian Agent that the work had been completed and the boilers and furnace were now in a satisfactory condition.

Replying to your enquiry re the additional amount on our account over the price quoted, the additional work was incurred for the supports for the new firebars, on removal of the old bars it was found that the supports were warped and fused and had to be renewed.

We got an urgent letter from the Principal on Nov. 16th asking us to get action in the matter as the school needed the heat and that it might be necessary to close the school if the matter was long delayed.

Under these circumstances we rushed the factory for the necessary parts and used out utmost dispatch.

Hon Sirs,

Under seperate Cover I have sent you a letter re the Old Class Room, at Alberni Boarding School. I thought you would like to see this "Old Class Room". You will note it is a good substantial building. You see the North End & the East Side in the Photo.

Note how the hill falls away rapidly from the East Side of the School.

The removal of the School will require - to fill in the basement, and grade up the ground at this point, at least 200 yards of earth. The contour of the hill is about like this. The blue shading indicating the necessary fill.

Rev. Sir:

I have your letter of the 15th instant, relative to the starting of a manual training class at the Alberni Indian Residential School and the moving of the old classroom to another site. The sketch plan of the present lay out of the grounds and buildings, as well as the photo of the old classroom building, was also received.

In reply I beg to say that the Department has not contemplated the question of the moving of this old building to another site. You may, therefore, arrange to have the roof repaired and any painting required carried out. It is noted that you have the material for the purpose on hand. Any labour required for the purpose should be performed without any expense to the Department.

We regret that we have no funds to provide for the expense in supplying any equipment required for manual training purposes or for the payment of the services of a teacher. If, however, you are able to arrange for the carrying on of this activity, and the supplying of a moderate equipment for the purpose, the Department will be pleased if you will commence this work for the benefit of the senior pupils.

The photo of the old classroom is returned herewith as requested.

Hon . Sirs .

I desire the Indian Department to start a manual Training ~~sk~~ Centre at Albernı Indian Boarding School as soon as convenient Our Sr, teacher Mr Geo . Johnson has Manual training qualifications . We only pay Mr Johnson $900.00 per year . And he is a man who can command more . As I understand the Department pay about $500 per lesson to the Manual teachers , It would add about $200.00 more per year to Mr Johnsons salary . And be more of inducement for him to stay .

We have a very good building that might be used for thi purpose with~~mk~~ very little expenditure. (Our old Class Room). I under stand this matter has been already before the Department for their consideration And further that a recommendation has been made to move the Old Class Room to another location . It is this latter that I object to . My reasons for objecting are , That we need this building as it is . Not so much for the upper portion , that will be used as a Manual Training Work room . But this building is erected on a splendid Concrete wall and has a concre floor . It is next to indispensible for ~~thexpurpxxxxxfxxxxxxxxxx~~ the storage of roots . We have no other place where they might be kept . And keep them we must, and if this building is removed another will have to be provided for the same purpose . I understand the special idea in movin the Old Class Room is from a scenic standpoint . From such a standpoint then the Teachers Cottage erected in 1925 should not have been erected i its present site . And further the new proposed site for the Old Class Room , From a sceneic standpoint, is even more objectionable than where it now is . The proposed new site is on the North West corner of the Girls play ground , this is a menace to the safety of the girls . To bring the boys right where the girls are all the time . True the Old Class Room is now just to the East of the girls play ground but by erecting a fence from the old Class Room to the Teachers Cottage it is practically cut off the girls play ground . In such case entrance may be obtained to the old from Class Room from the Public Road on the North Boundry of the Property .

I am enclosing you a Plan of our present lay out . From this plan you will see there is a roadway right around the girls play ground . While I object to the moving of the Old Class Room , yet if it is your idea that it should be moved then I propose that at least, it be moved say 80 or 100 feet further West than is now proposed , This well take it acress the road and out of the girls play ground altogether .

I would like you to give careful consideration to the rough sketch I am sending before deciding this matter .

The Old Class Room does need a new Roof and paint both of which I purchased last summer , and would have had them on only this matter of the Removal of the School came up and I delayed doingthe work till the matter was settled . I sincerely believe my proposals are the ones that should prevail , from a practical standpoint .

Yours faithfully .

H. B. Currie

Sir:

I have your 1895/26/1 of the 6th instant, with reference to manual training activity at the Alberni Indian Residential School. Your recommendation commends itself to the Department and you are authorized to expend the sum of approximately $175 for tools and materials. Competitive prices should be secured and, when you are submitting a certified account, in duplicate, in favour of the firm awarded the business, attach thereto a memo showing those asked to quote and the prices quoted.

It would be more satisfactory to the Department if Mr. Johnson, who will give three lessons a week, is paid on the basis of so much per hour. The Department will allow 75¢ per hour for this instruction, with the understanding that he should give two evening lessons of two hours each and a Saturday morning instruction of three hours. You should submit a certified account in favour of Mr. Johnson once each quarter, showing the number of hours of instruction.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:-

I have the honour to refer to your No. 15/6473, dated January 19th, 1926, re Manual Training for pupils of the Alberni Indian Resid ential School.

To gather more fully the estimated cost to move the old class-room and the cost of tools necessary to commence the training of pupils, I beg to say that I took Mr. Geo.Forrest (who has had much experience in moving buildings) up to look over the proposed work and the following estimates were made by him.

1. To move old class-room from present position to one inside present school ground, on East side of main gate, at S.W.corner of ground, provide all labour, materials, put in concrete blocks for foundation and put 4 new sills under the building, the same to be done in a workmanlike manner. Estimate $190.00.

2. To move building from present position to one on N.E.corner of Church property (lot on which new barn now stands) do like work and find like materials as mentioned in No. 1, Estimate $215.00. If moved to 2nd position, the clearing of site and levelling of the ground ready for foundation not included in this estimated, Probable cost of clearing and levelling site No. 2, $15.00.

I am enclosing for your perusal a list of tools, with probable cost of same, said to be necessary for the instruction of 6 pupils, beginners, also a full list of tools and materials as supplied to the Manual Training School for Deaf and Dumb, for 20 pupils. Please return this list as it is on loan.

[redacted]e present teacher at the Alberni Indian Residential School is a qualified Manual Training instructor, Mr. Johnson, is prepared to give instruction to the pupils of the school, at times other than the regular school hours.

The chief difficulty would be in the event of Mr. Johnson leaving the Alberni School, in which event it would be necessary for arrangements to be made for a qualified Manual Training Instructor to be secured for his successor, as there is not one resident in this vicinity.

Sir:

I wish to refer further to your 125/8051 of the 30th ultimo. Your recommendation concerning manual training activity at the Alberni Indian Residential School has been favourably considered. Mr. Indian Agent Frost, with whom the Department has been in correspondence, is of the opinion that classes might start immediately, using the old classroom, as it has lately been fixed up somewhat by the school management. He is being authorized to engage an instructor and to purchase a few tools.

Dear Sir:

Re Indian Education

In connection with my report on the Estimates for the Fiscal Year 1927-28, I dealt only with the item for General Administration, leaving out anything pertaining to Indian Education.

.....

At the Alberni school the Principal is desirous of having a manual training department. It is proposed that the old classroom building should be moved close to the main school and fitted out for manual training purposes, the cost of which will be approximately $600.00 to cover the cost of removing present building, equipment, all tools and working materials.

I am attaching hereto copies of correspondence from Indian Agent Frost on this subject. As these came to hand after the Estimates for 1926-27 had been forwarded to Ottawa, I decided to hold the matter off until dealing with those for 1927-28.

File 1410/26/1.

Sir:

I have the honour to bring to your attention the question of Manual Training for boy pupils of the Alberni Indian Residential School, and would like to know if you think the expenditure necessary for that purpose would be justified.

The training of boy pupils is at present confined entirely to farming, and that, only in a limited way, as the facilities of the school does not admit of a thorough training. The boys are taught dairying, hog and poultry raising, and the cultivation of such ordinary farm crops as are suitable for use at the school and on the school farm, but, as farming is the least likely industry to be procticed by the boys after leaving school, I think other lines of training could be taught that would be of more practical benefit in fitting the boys to earn a livlihood.

The facilities existing at the school in favour of this project, are, the building previously used as a class-room would be suitable, if moved and sills put under it, I estimate the cost of moving the building $100.00, the cost of material for sills $25.00 A fully qualified Manual Training instructor is available whose services could, I think be secured for $5.00 per week for two lessons, or say $200.00 per year.

The cost of tools I estimate at about $300.00, and material for interior fitting of the building for training purposes, $25.00, the work itself could be done by the pupils as part of their training.

If you consider this suggestion worth consideration, I could get expert estimates as to cost of moving the building, and tools, if you so direct.

I may say that I discussed this matter with Mr. Cairns on his recent visit and he expressed himself as in favour of the suggestion.

Your obedient servant.

Dear Sir:

I beg to acknowledge receipt of your letter of the 16th instant referring to the matter of giving manual training instruction to the pupils of the Alberni Residential School, and in reply I beg to say that I am perfectly in accord with your remarks contained therein.

In various places throughout the Province of British Columbia, the Department has already in operation a system such as the one to which you refer, that is by employing a qualified manual training instructor of the district for this purpose. This instructor is generally connected with some of the white public schools.

I, therefore, would be glad if you would go further into this matter, and get an estimate on the cost of maving the buildings and the tools. You should also give particulars as to who the qualified manual training instructor is to whom you refer. On receipt of this information from you, I will then take up the matter with the Department and, if possible, have the scheme put through, for I am fully impressed with the fact that it is something of this character that the Indian boys of the West Coast should be taught, as they are not now, and never will be able to do anything very much in the way of farming, consequently any extensive instruction along this line will be of no practical value to them.

There is no place in connection with this school where the Indian parents can meet with their children at any of the school exercises or meetings, and it is desired that an Assembly Hall which would accommodate 200 people should be erected during the coming summer.

I trust that an appropriation will be made for this purpose.

I am,

Very faithfully yours,

Dear Sir:

The following are the addresses of people who have given us good service in supplying tools for manual instruction:

Tools Called for
No 1962/26/1 3.11.26 Messrs. Elliott, Teetzel & Wilson, 1290 Homer St., Vancouver
1963/26/1 " " Marshall Wells, Wholesale Hardware Merchants, "
1964/26/1 " " Anderson & Lusby, New Westminster.

The benches I would advise you to have made just as carpenter benches, similar to those that the young men would use on a job or in the workshop.

We shall be very pleased to help you in any way we can in the establishing of the manual training work at Port Alberni. We know Mr. Johnson to be a reliable and desirable man.

Yours very truly,

John Kyle

Ottawa, January 8, 1927.

Sir:

I have to inform you that, some months ago, the Department promised the Woman's Missionary Society of the then Presbyterian Church to reimburse the management of the Alberni Indian Residential School to the extent of $300 if they prepared a suitable outdoor residence for Mr. Johnson, a married teacher on the staff. I wish to arrange for payment of this grant at this time and I have to request you to have Mr. George Forest, of Alberni, proceed to the school at his convenience and, after examining the residence in question, give you a written valuation. This should be forwarded to the Department along with a voucher, in duplicate, for $300, in favour of the school principal. The voucher might read as follows:

> "To reimburse the management for a portion of their expenses incurred in the erection of a teacher's residence at the Alberni Indian Residential School. An independent appraiser has fixed the value of the residence at . . . . . "

EXTRACT FROM LETTER OF REV. H.B. CURRIE,
Principal, Indian Residential School,
Birtle, Man., dated 27th May, 1927.

Original on File 106-1-1

"The other thing I need is more milk. There is only five miserable milk cows here and two good cows will give me more milk than the five. It is easy to pick up cheap miserable stuff like what is now here. But it is not much of a training to boys to handle such stuff. I know from actual experience at Alberni that as soon as good cows came on the place the interest of the boys increased 100%. At Alberni I built up the very best herd of dual purpose Pure Bred Shorthorns in the Province. Just look up Report No. 18 of Pure Bred Dairy Cattle of the Dom. Government. There you will see in the 4 year old Shorthorn Section my cow "Augusta Glad Eyes" led all Canada in her class, and Roan Marie in the Mature Class occupied 4th place in Canada. In leaving Alberni, nothing grieved me so much as leaving them behind. I left over 30 head at Alberni that any one might envy, and that number is more than the present Principal needs, or can handle to advantage.

"I must have cows here after the summer vacation, my resources will only permit me to secure "just cows". I believe I can buy four cows or heifers from Alberni School for $600.00 and pay the transportation. Will you allow me a grant of $600.00 for this purpose?"

Dear Sir:

In the absence of Rev. C.E.Manning, D.D., I acknowledge receipt of your favor of the 16th instant - No. 159-1-5 - in reference to Assembly Hall for the Alberni Indian Residential School.

I note your suggestion that the Department desires an opinion as to the relative importance of the Assembly Hall and the Farmer's Cottage. I understand that a Representative of the Woman's Missionary Society, under whose supervision this School has been conducted, will visit the School within a few weeks and will report in regard to the matter, when I shall communicate with you further.

Faithfully yours,

Reverend Sir:

I am directed to acknowledge your letter of the 10th instant, with reference to an assembly hall at the Alberni Indian Residential School. I regret that there was no specific appropriation for this purpose; but an item of $1,500 was allowed for the purpose of erecting a farmer's cottage at this school. I am somewhat in doubt as to which building is the more important and I am writing to Mr. Indian Commissioner Ditchburn for a recommendation. If you can comment on the relative importance of the two buildings in question, I shall be pleased to have a further communication.

Your obedient servant,

Sir:

I have to inform you that certain funds are available for outbuildings at the Alberni Indian Residential School. The church authorities have pressed for an assembly hall, which may be used as a gymnasium. From other sources, the Department has learned that a farmer's cottage is more urgently required. Please make enquiries and let me know which of the two buildings should be erected this year.

Dear Dr. Scott:

I wrote you on November 15th, 1926, making application on behalf of the Woman's Missionary Society of the United Church for a grant to build an Assembly Hall in connection with the Alberni Indian Residential School, B. C.

You replied to this letter on November 17th, 1926 (No.159-1-5), and stated in your letter that consideration to this request would be given when the Estimates were being prepared. Has the necessary amount for the above Assembly Hall been allowed?

Awaiting your reply,

Dear Sir:-

I beg to inform you that I have received a letter from Mr. Indian Agent Frost with regard to the barn at the Alberni Indian Residential School which is apparently in need of some repairs as the building seems to have gotten out of plumb. I would, therefore, advise that immediate steps be taken to have the building put back into its proper position. In order that this may be done I have asked Mr. Frost to obtain tenders for the work and submit the same to yourself. I am attaching hereto copy of Agent Frost's letter with which he enclosed a rough sketch which I am also attaching hereto.

Dear Sir:- Repairs needed to new barn at Alberni Indian Residential School.

I beg to advise you that the new barn at the Alberni Indian Residential School is in need of some repairs to doors. This damage has, in my opinion, been contributed to by their failure to open freely, caused by the pulling out of plumb of the barn, caused by the weight of the manure conveyer which is attached to the upper portion of that structure and supported, originally, only by guys or stays which are fixed to the higher portion of upper structure. The weight of the conveyer with its load has pulled the building out of plumb endways and caused the doors to stick in closing or made it impossible to close them. The weight strain has recently been relieved by placing a post and beam support at the extreme end of the conveyer arm and I think will prevent the further movement of the building, but I think it would be advisable to have the building put back in to plumb and braced to prevent it again moving.

Rough sketch enclosed.

June 7, 1927.

Sir:-

In accordance with instructions contained in your No. 15/9097, of 28th ultimo, re need of assembly hall or farmer's cottage for Alberni Indian Residential School.

I beg to report that I have carefully looked into this matter and in my opinion, which is concurred in by the new Principal, Rev. F.E. Pitts, there is more need of a cottage for the farming instructor than there is far an assembly hall at that school. The need of the assembly hall is not apparent and the purpose of such a building is not clear to me, while the need of a farmer's cottage is apparent. The present occupant of that position has held it for the past two years and during that time has only been able to be with his family for a few days on three occasions during the school holidays. He has tried to obtain housing accommodation for his family in Alberni but has failed to do so as there are no vacant houses in this vicinity.

There is at present a building which was erected in 1923 and is being used as a play and games room for the boys during the winter and in bad weather. It is approximately seventy-five feet long by thirty-five feet wide. It is constructed of rough lumber on a concrete foundation but it is not floored. If funds are available that building might be floored, windows repaired and screened and whatever gymnastic appliances deemed necessary installed if so desired. If you desire I will get an estimate of the approximate cost of a concrete or lumber floor for this building. I do not think a concrete floor is best suitable for a playroom or gym. The building is already fitted for electric light. The estimated cost of any kind of floor you prefer and the cost of window repairs and screening will be obtained and submitted at your instruction.

I may say that a suitable site for a cottage is available, less a hundred yards from the school in close proximity to farm buildings, just outside the school enclosure.

Your further instructions if any awaited.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 16th May in which you desire that information be obtained as to whether it would be more desirable to build a cottage for the farmer at the Alberni Residential School or an assembly hall which might be used as a gymnasium.

In reply I beg to say this matter was taken up with Mr. Indian Agent Frost and the Rev. Mr. Pitts, Principal of the School, and they both concur that the building of a cottage for the Farming Instructor is much more essential than is an assembly hall.

The Indian Agent informs me, however, that there is a building at present which was erected in 1923 and is now being used as a play and game room for the boys during the winter and in bad weather. It is constructed of rough lumber on a concrete foundation but is not floored. If funds were available the Indian Agent suggests that the building might be floored and the windows repaired and screened. This would answer the purpose of a gymnasium for some time. I would, therefore, beg to recommend that a cottage for the Farming Instructor be erected in preference to an assembly hall but if there were sufficient funds available a wood flooring might be put in the present gymnasium room and the windows repaired and a small amount of gymnastic equipment purchased.

Attached hereto please find copy of Mr. Indian Agent Frost's letter on the subject.

Sir:

I have your 15/9511 of the 6th instant, reporting that a farmer's cottage is the most urgent building requirement at the Alberni Indian Residential School. I am pleased to inform you that $1,500 is available for this purpose, and I am enclosing a set of plans of a building that can be erected for this amount. You should secure a competent carpenter foreman, who would get out a list of the material necessary so that you could make the purchase, and who would then take charge of the construction of the cottage at the school. It would be well to engage local labour, and the school management should be given to understand that all hauling and rough labour should be provided by the members of the staff and the older boys, without cost to the Department. If any saving can be effected, the balance will be available for flooring the outdoor playroom and making other repairs.

I have also your 15/9512 of the 6th instant, regarding the barn at this institution, and in reply I beg to state that the Department will await the tenders that Mr. Indian Agent Frost is to forward.

Ottawa, July 25th, 1927.

Sir:

I have your letter of the 16th instant, relative to the repairs required to the barn at the Alberni Indian Residential School.

In reply I beg to say that the Department will approve of an expenditure not exceeding approximately $145 in the purchase of the material and fittings and for the labour in having the repairs mentioned by you as being required to the barn carried out. When the work has been completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Relative to the 45 panes of glass required for the windows, it is considered that replacements of this nature should be made by the school authorities from their per capita grant or other receipts. The Department is not prepared to authorize the expenditure required in having the glass replaced.

Your obedient servant,

A. F. MacKenzie,

Sir;-

I have the honour to report for the information of the Department,in accordance with instructions received from Mr, Commissioner,W.E.Dutchburn,that certain repairs are needed to the barn at the Alberni Indian Residential School,Alberni,B.C.And I further beg to advise the Department that I have had the building examined by Mr George forrest,of Alberni,Builder,and the following repairs are recommended by him,

1.New double doors to main driveway,doors to be constructed of V joint,double ply,built in frame diagonally,with small door in one of the main doors.
2.New door on bull pen constructed as above,without small door.
3 " " between feed room and cattle stalls,constructed as above.
4 " " Side entrance to cattle stalls " " "
5 " "To outside of horse stable, " " "

6 One 4"X 12" beam to be bolted across end of hay mow to brace the building back into place where it has been bulged by the weight of the manure carrier.

Estimated cost of all material labour and fittings for above $,145,00.

Also 45 panes of glass needed in windows,not included in the above estimate,approximate cost,$ 10.00.

I respectfully recommend that this work,if approved by the Department,be carried out as early as possible as the end of the hay mow is being kept vacant as far as possible to facilitate the placing of the beam mentioned.

REPORT ON INSPECTION OF INDIAN SCHOOL

AT PORT ALBERNI, B. C.

- - - -

Mr. Henion has followed up by visits to the building a report received at Head Office that the heating system at the above building was not giving satisfaction.

Mr. Henion found that the local authorities called in Messrs R. Herbertson & Sons, Heating Contractors at Port Alberni, to go over the system, in an endeavour to locate the trouble, and correct same.

The Contractors were not familiar with this work or type of system, and did not do the original installation. They wrote to the C.A.Dunham Co., asking for full particulars regarding the job. Upon receipt of this arrangements were made to have Mr. Henion make an inspection.

It was found three or four radiators would at times fail to heat up, and also a part of system farthest removed from the Boiler room appeared somewhat sluggish. In order to overcome this condition the Boiler pressure was raised to 5 to 8 lbs.

Some of the connections will need to be changed to give proper grading to the spring piece to the radiators. This matter was taken up by Mr. Henion with Mr. Herbertson, and instructions given how to accomplish the necessary change.

The reason that the system farthest removed from the Boiler room does not heat is due to carrying excessive pressure on the type of system installed. The system as installed is a gravity system of steam heating with the air relieved from the return piping through a Dunham Air Eliminator. When pressures over and above 8 ozs. are carried on the system the Eliminator seals the system, due to the water rising in the stand pipe and causing the float to close the valve on the Eliminator and thus preventing air from leaving the system. The continued carrying of high pressure above 8 ozs. makes the system practically a sealed system, and steam cannot find enter the radiation due to the fact that air cannot finf its way out of the return piping.

This condition noted above is due to the manner of firing and the fuel used, which is wood, which causes the steam pressure on the boiler to build up before the radiation throughout the system is filled with steam, therefore the radiators at the end of the system or mains, are the ones that suffer by lack of steam.

We would recommend that a No. 10 Dunham Return Trap be installed which will permit the pressure on the boiler to be carried at any time from 1 to 10 lbs. and the air would be vented out of the return mains through an eliminator, and the water returned to the boiler by the Return trap.

It is almost impossible to maintain a steady condition of pressure on the boiler when burning wood as fuel, and a gravity steam heating system using only an air eliminator for venting the air from system will from time to

time to time give trouble as is being experienced on this system, but with the installation of a Dunham Return trap air will have a free vent from the return piping regardless of pressure carried on the boiler.

We would further recommend that all of the traps be gone over and cleaned. That is the covers and discs taken off, and any foreign matter within the trap bodies removed.

There appears to be evidence of having carried too high a water line on the boiler, and we believe that the manufacturers of the boiler should be communicated with and the height of the water line for the boiler ascertained, and the operater instructed to carry the water line at the level stipulated by the manufacturer.

The Damper Regulator which is now connected to the boiler, should be connected to the Balanced Check Damper on the smoke pipe, and to the draft damper on front of the boiler, so that these can work together with the damper regulator, and assist in maintaining a steady pressure on the boiler.

We would recommend that a compound gauge be installed on the boiler, since the gauge now on the boiler has been found defective and causing trouble in the past.

The Air Line Valves now installed on the end of steam mains to be replaced with No. 1 Dunham Radiator traps to give a freer venting of air from the steam pipes into the return piping.

Some of the return piping in the boiler room is badly pocketed, and this will need to be straightened up.

All of the matters covered in this report were discussed with the Contractors called in on the job, and with the above recommendations followed out this system should operate satisfactorily

Sir;-

I have the honour to submit herewith a report from the manual training Instructor to the classes at the Alberni Indian Residential School for your information.

The report covers the period from commencement of instruction,in January to the closing of the school for the summer holidays,on June 30th 1927,6 months.

The boys have proved themselves apt and willing pupils, and their ability to grasp the lessons presented to them is very marked,and I feel confident that the drawing of plans and constructing of models to scale will prove of great benefit to the boys of this Agency as the most important and almost sole means of livelihood for the Indians of the West Coast is fishing and the repairing of the craft and plant buildings in which they are employed,and I hope in due time it will lead to the construction of a better type of dwelling on Indian Reserves.

Same as usual

In conclusion I beg to state that the estimated cost of manual training at the Alberni school for the current school year,to end of June 1928,will be approximately,$ 300.00. which will include Instructor,s salary,tools if any are needed and material for the class to work with.

August 27th 1927

Sir,—

I beg to submit the following report on manual training at the Indian Residential School,Alberni,B.C.for the year ending June 30th,1927.

During the year, 85 classes were held,showing a total instruction period of 209½ hours,This total was devided among 3 classes.The number of boys receiving instruction was 25,of which 17 are expected to return after the holidays.

The type of instruction givenhas been almost identical with that given in the public schools of this Province, each model being accompanied by a working drawing,the models have been small combining utility withexercises requiring simple tool operation.The course so far has been fairly rigid-few alternative problims being allowed,thus each class has faced the same projects and has tackled the same problems.Friendly competition and discussion have been encouraged.

For the future I feel that for the bigger boys a different course should be arranged,one more suited to the needs of an Indian boy who will soon be earning his living on a fishing boat.Household utensils or simple furniture will be undertaken as individual projects,while for those boys more apt or more willing,special instruction in boat building will be given,in this way the training will provide the boy with a working knowledge of the tools and methods used in the construction of wooden articles used every day.

While the various metals offer splendid mediums for manual training I think that too much should not be attempted at this stage.Therefore I propose to adhere closely to wood,paying special attention to lumber which is produced locally.When the time is ripe for the introduction of more technical education in Indian schools the boys will prove themselves to be apt and willind students of all branches of handicraft.

In conclusion I wish to acknowledge with thanks the valuable advice,blueprints and books given by Mr,John Kyle,Organizer of Technical Education,I also wish to thank you,Sir, for your kindly consideration,assistance and hearty co-operation, without which manual training could not have been so successfully commenced at this school.

I have the honour to be,Sir.
Your obedient servant.

Dear Sir:

Referring to your letter of May 16th (File No. 159-1-5) relative to a farmer's cottage at the Alberni Residential School, B.C., also an assembly hall, you enquire which of these buildings is the more necessary.

On receipt of your letter I at once wrote to Mrs. Clark, the representative of the Woman's Missionary Society who looks after the Indian Work of which this Society has special supervision, and asked her to let me know which building they would rather have erected. I did not have a reply from her in regard to this matter until a few days ago when she gave me to understand that it is her judgment that the farmer's cottage is the more desirable. She seemed to be under the impression that it was already being erected. As to this you will of course have all information. They would be delighted if both buildings could be provided as soon as possible.

I am,

Very faithfully yours,

C. E. Manning.

Dear Sir -

In reply to yours of Oct 6th 27 to Principals of Indian Residential Schools re fire protection and escapes - I beg to report for Alberni Residential School as follows -

1. Fire Alarm - There is no general fire alarm in the school - only small bells, similar to door bells in a private home. These are used by the children if they are sick or require to call a member of staff in the night. There should be a bell or alarm centrally located and sufficiently loud to alarm the whole school at once -

2. The only fire escapes except the stairs are brass rods, simular to those used by fire departments in fire halls. As the ceilings here are 12ft high it makes about 16ft from where a child takes hold of the rod to the floor below. If they hold too tightly they are likly to burn their hands and let go or if too loosely they are likly to drop to the floor below. Even these rods change from one room to another at each floor this would likly cause confusion if there was smoke or danger. I have taken Agent E.E. Frost and Inspector Cavins of Vancouver over the building and both concur with

me in this report that the fire alarm and the means of exit are both inadequate for the number of children and size of the building we have here.

3. Our hydrants, hose and water pressure are good.

4. Our fire extinguishers are only 2 quart size and in these large rooms would not do the work. I would like to suggest that these be replaced at the earliest convenience with 12 Booth & Coulter 2½ or 3 gal. extinguishers tested at 300-350 lbs.

5. Nearly all the doors in this building lock with a different key. Many

If these are necessarily looked at right and would cause delay and confusion in getting through the building.
I would therefore recommend that 12. fire axes with picks on the back be placed conveniently throughout the building so that they could be used to break down the doors or get at the source of the fire.
I would not like to take the responsibility of suggesting what kind of fire escape should be used or where it should be placed.
I would like to see the fire extinguishers and fire axes placed at our disposal at the earliest convenience. I remain

Ottawa, November 28, 1927.

Sir:

The Department has received a communication from Rev. F. E. Pitts, Principal of the Alberni Indian Residential School, relative to fire protection. I have to request that you will obtain an estimate of the cost of installing a fire alarm gong, which should be centrally located in the main building. Further, you should secure an estimate of the cost of erecting an outside wooden fire escape or a steel staircase, to be erected at a strategic point leading from the building and as convenient as possible to the exits from the dormitories. When we have this information, consideration will be given to authorizing the installing of the above equipment.

We are placing an order with the Pyrene Manufacturing Company of Canada, Limited, to forward, addressed to the Principal -

3 - 5 gallon Pump Tanks, complete with non freeze charges
and
3 - 1½ quart Pyrene Extinguishers complete with non freeze charges.

The account covering the cost will be sent to you, and, upon receipt of the extinguishers, you should certify and send the account to the Department for payment. The smaller type extinguishers should be placed where there is danger from oil, grease or electrical machinery, and the larger sizes should be placed at strategic points in the building.

You should arrange to have the extinguishers now on hand recharged and put in good condition, purchasing any chemical required for this purpose. You may purchase and have delivered 12 fire axes with picks on back - these, also, to be placed at convenient points. When you have procured any refills necessary for the extinguishers and the fire axes, you should forward properly certified vouchers in duplicate covering the cost.

Please give these purchases your early attention and also forward the information requested regarding the fire gong and the fire escape.

Reverend Sir:

I have been directed to acknowledge your letter of the 15th instant, relative to fire protection at the Alberni Indian Residential School. In this connection I enclose, for your information, copy of a communication addressed to Mr. Agent Frost, authorizing him to purchase refills for the fire extinguishers on hand also 12 fire axes, and requesting him to obtain and forward prices on the installation of a fire gong and an outside fire escape. We are informing him, also, of the order placed for the supplying of a further number of extinguishers.

RECORD

January 11th, 1928.

From: The Deputy Minister,
Department of Public Works.

To: The Deputy Superintendent General,
Department of Indian Affairs.

I beg to acknowledge receipt of your communication of the 10th instant, in which you ask if it would be possible to have our local architect inspect the government owned Indian Residential School at Alberni, B.C., and to report concerning what additional fire escapes should be provided, with an estimate of the cost.

I shall be pleased to issue instructions to have our Victoria Resident Architect report as requested by you.

Kindly advise me if there is any particular date on which you would like our officer to visit the premises and also if he should get in touch with any official of your Department.

Dear Mr. Hunter:

The Department has recently asked for a report on fire escape facilities at the government-owned Indian Residential School at Alberni, B. C. I have been unable to secure the opinion of any person competent in the matter, and I am writing to you to learn if it would be possible to have your local architect inspect the building and report concerning what additional fire escapes should be provided, with an estimate of the cost.

Yours very truly,

Sir;-

I have the honour to refer to Department,s letter dated Ottawa,November 28th,1927,re fire escape equipment and appliances at Alberni Indian Residential School.

I beg to advise the Department that after making exhaustive enquiries I find that there is no competant authority in Alberni that can give a ruling and make the necessary recommendations together with the estimated cost of installing a satisfactory system,I therefore referred the matter to Mr Commissioner,W.E.Ditchburn,for his advice,and he has suggested that the Department be asked to request the Dominion Public Works Department to instruct its local architect to make the necessary investigation of the building and supply the information called for by the Department.

I respectfully submit Mr Commissioner,W.E. Ditchburn,s recommendation to the Department for consideration and request that I may be informed of its decision.

FEB 7 1928

Sir,—

I have the honour to report for the information and consideration of the Department that the toilet system in both the girls and boys toilet on the lower floor at the Alberni Indian Residential School is in urgent need of overhaul and repair,

I beg to state that the system in the toilets complained of has been a constant source of trouble and expense, to my personal knowledge, during the past 4 years, about every 3 months ans sometimes at shorter periods these toilets have needed a plumber, sattention to put them in order, and as this has been a frequent drain on the school resources it is felt that the system should be improved so as to obviate the frequent need of expenditure on cleaning and repairs as well as to improve the sanatory conditions arising fron defective toilets.

I therefore respectfully suggest for the consideration of the Department, the replacing of the present system by installing the Standard Automatic Syphon Education Range Toilet, 3 stalls in the girls division and 2 stalls with 36 inch urinal in the boys section, The approximate cost of the toilets suggested, would be as under 3 stall $ 275.00, 2 stall, $ 220.00. 36 inch urinal, $50.00. The above estimated costs include the toilets complete with fittings and instalation, but does not include the cost of such concrete work that might be needed in floors, or the erection of wood partitions, the latter I believe could be erected by the manual training class as part of their instruction, so that only the cost of the necessary lumber for same would be incurred.

Mon Rec. This

An early intimation of the Depattments views on the above matter is respectfully requested please as further expenditure on the repairs to the present system is urgent.

Your obedient servant.

Sir:

I have your letter of the 31st ultimo, relative to the toilet system in the girls' and boys' toilets on the lower floor at the Alberni Indian Residential School, and recommending that they be replaced. In this connection I beg to confirm the following telegram to you of yesterday's date:

"You may arrange installation toilets mentioned your letter 31st. Incur no unnecessary expense."

It is noted that you recommend the installation of the Standard Automatic Syphon Education Range Toilets in the three stalls in the girls' toilet and in the two stalls, with 36" urinal, in the boys' section. We note that you estimate the cost of this equipment, installed, to be approximately $545, which cost does not include any concrete work that may be needed in the floors or in the erection of wooden partitions. You may arrange to have any concrete work required in the making of the changes in the equipment in the toilets carried out, and also for the supplying of any lumber for partitions. It is considered that all carpenter work should be performed by the pupils and staff. You should see that a satisfactory job is completed in the installation of the new toilet system and that all costs are kept down to the lowest possible point. You should also arrange for all purchases, obtaining accounts, in duplicate, which you should certify in the usual manner and send to the Department for payment.

Your obedient servant,

Re: Government Owned Indian Residential School - Alberni, B.C.

Dear Sir,-

As instructed by your letter of the 16th ultimo, file #57551 an inspection of the above named building has been made, and I now beg to report as follows:-

The building is a three storey frame building with basement. Roof covered with Rubberized Felt Roofing. The building is divided into two by a lath and plaster wall dividing the boys from the girls, and whatever method of fire escape is used it will have to accommodate both ends of the school.

The fire preventative service has been taken care of, to some extent by the installation of a number of large three and a half gallon chemical hand tanks and several smaller pyrene fire extinguishers placed at convenient points.

The stair wells are situated at each end of the building, and if a fire should occur in the basement or on the first floor, the occupants of the upper floors would be cut off as the fire and smoke would no doubt travel up the stair wells. There is a brass pole, from one floor to the other, after the fire hall style, but should a fire occur, this again, would cause a draft and the smoke and flames would travel up through these holes, and even if there were not smoke and flames to contend with, the smaller children could not possibly make use of these poles at any time without considerable danger to themselves.

There is no fire alarm system in the building. This should be rectified by the installation of an electric alarm system of gongs to be placed at suitable positions on the various floors as shown on plan and served by a six volt storage battery, one battery to be kept in stock fully charged as a spare.

It was found that the heating of the building was carried on by the boys under the supervision of the Master, or of some person who has the necessary engineer's certificate. This system means that the boys do most of the firing, as on the occasion of the inspection, a large number of boys in the boiler room were found drying their clothes over a small box stove which was red hot and a menace to the building

If wrought iron fire escapes were placed on the front wall in the recess above and at the sides of the main entrance steps, as marked on plan, it would take care of each of the floors.

The children on the different dormitories on the second floor could be mustered in the wash rooms (which have terrazzo floors) as there is an entrance to the wash rooms from each dormitory in each end of the buildings, and those on the third floor would have direct access to the fire escape.

Door ways should be cut in the walls on the second floor, where indicated on the plan, to give access to the Staff, from the Staff Room to the dormitories. In case of fire coming from below by way of the staircases, escape would be cut off for these people.

I therefore recommend that a wrought iron fire escape be erected to each part of the building as shown on sketch plan, at an approximate cost of, $1475.00

Two door ways cut and doors put in complete at an approximate cost of 50.00

Complete system of gongs and service break glass stations with storage batteries complete and located at points as shown on plan at an approximate cost, 220.00

Total cost	$1745.00
Plus 10%	174.50
	$1919.50

Please return plans of building.

Yours faithfully,

Feb. 22, 1928.

Memorandum:

Dr. Scott.

It has been reported that new fire escapes are required for the Alberni Indian Residential School. On the recommendation of Mr. Ditchburn the resident Architect of the Department of Public Works at Victoria was asked to make an inspection of the building and report on the requirements. This has been received and it is recommended that steel fire escapes of the stair type be installed on the front of the building which will provide exit from each of the floors. The cost will be approximately $2,000.00. As this building is badly in need of proper fire exits I would recommend that Mr. Ditchburn be authorized to proceed with the work immediately, in accordance with the recommendation submitted.

D. Knowles
ARCHITECT.

Dr. Scott:-
There is no specific appropriation for this improvement but the balance as on Feb 1 was $52,000. This is larger than usual, in part was battered why mee - in 1923-24. As fire-escapes are urgent, I recommend the work be authorized

CHIEF ARCHITECT'S OFFICE

REF. 5755-1.

OTTAWA, 20th February, 1928.

From: The Chief Architect,
Department of Public Works.

To: The Deputy Superintendent General,
Department of Indian Affairs.

As requested in your letter of the 10th ultimo, addressed to the Deputy Minister of the Department, our Victoria Resident Architect was instructed to visit Alberni, B.C., and to submit a report in regard to the fire escape facilities at the Government owned Indian Residential School under the control of your Department. I am enclosing a copy of the Resident Architect's report which has just been received, together with a set of blue prints of the building and a blue print showing the proposed fire escape which he recommends be erected.

When the set of blue prints of the building have served your purpose, I would request that you kindly return same to me for transmission to the Resident Architect.

Dear Sir: Re-Fire Escapes Alberni School.

I beg to acknowledge receipt of your letter of the 23rd ultimo in which you ask me to arrange immediately for the installation of fire escapes at the Alberni Indian School as shown on the plan gotten up by Mr. J.G. Brown, District Resident Architect of the Department of Public Works, Victoria.

SCHOOLS BRANCH
MAR 20 1928

In reply I beg to say in view of the fact that I have had no experience in connection with such matters I deemed it advisable to request Mr. Brown to get up specifications and call for tenders. This has been done and three tenders have been received as follows:-

Port Alberni Marine Rly. & Machine Co. Marked cheque for 10% attached.	$1250.00
Hafer Machine Co. Ltd., Victoria, Marked cheque for 10% attached.	$1425.00
Victoria Machinery Depot Co. Ltd., Victoria, No marked cheque attached.	$1595.00

I would respectfully recommend that the tender be awarded to the Port Alberni Marine Rly. Co., of Port Alberni, and the matter of inspecting the work to be carried out by the officers of the Public Works Department from time to time during its progress.

Mention was made in Mr. Brown's report to his Department dated the 15th ultimo, a copy of which you no doubt received, dealing with the question of the installation of an electric alarm system of gongs to be placed at suitable positions on the various floors as shown on the plan. Architect Brown also drew the attention of the Department to the necessity of doors being cut in the walls of the second floor, where indicated on the plan, to give access from the staff room to the dormitories in case of fire coming from below by way of the staircases. The installation of the electric alarm system of gongs and the cutting of these doors I consider would be most important and this matter should be given attention to.

I would be pleased to hear from you at your earliest possible convenience as to whether or not my recommendation with regard to the awarding of this tender for the fire escapes to the Port Alberni Marine Rly. Co., and the inspection of the work being carried on by the Public Works Department, meets with your approval.

Sir:

I have your letter of the 29th ultimo, enclosing a report of an examination made of the roof of the Alberni Indian Residential School, and recommening that more permanent roofing be installed - either shingles or slate - and giving an estimate of the cost.

In reply I beg to say that the Department has no funds provided in its appropriation for the present fiscal year to carry out this work. A note is being made for our Estimates to provide the funds required next year, and the matter of renewing the roof will have to stand over until that time. In the meantime, any minor repairs absolutely required to prevent leakage may be carried out, but any expense for the purpose should be kept down to the lowest possible point. As you are aware, the Department is considering the authorizing of the painting of the school building, and the cost involved in this work is the full amount that is available for the present year. Please advise the Principal that the work of installing new roofing will have to stand over until next year. You should see that the minor repairs required to the present roof are carried out.

I have the honour to submit herewith report on the roof of the Alberni Residential School(by Mr Robert Milligan) as called for in Department.s letter of 12th instant,and beg to add that if shingles are used for recovering roofs,I estimate that 110 thousand shingles will be needed,cost at mill,$ 3.75. per thousand,$412.50,cartage from mill to school $ 25.00,laying $ 2.50.per thousand,$ 275.00,linseed oil.for dipping,dipping draining and repacking $ 2.00.per thousand,$ 220.00,shingling brackets,necessitated owing to the roofs being close sheeted ¢25 per thousand,$ 27.50.

Total cost of shingles,cartage,laying,dipping,repacking and shingling brackets,$ 969.50.

13 squares of Barret,s Specification Roofing for dormer @ $ 12.00.per square laid $ 156.00.

Total estimated cost of recovering roofs as recommended in Mr Milligan,s second choice,$ 1125.50.

I have no means of obtaining the cost of Slate or Asbestos shingles for this project but beg to state that I consider either of these materials would be preferable,if the cost is not prohibitive as either one is fireproof and will last indefinately.

Should the Department decide to recover these roofs I respectfully suggest that tenders be called for and the work done by contract.

Dear sir;-

At your request I have made an examination of the roofs at the Alberni Industrial School,and beg to report that they are in poor condition,contraction and expansion has drawn the edges of the roofing so much so that in many places it is broken and will leak to no small extent during the winter.

I would advise that a new covering be laid,preferably something more permanent than at present in use on the main building and laundry.Slate would be the ideal covering for these roofs,and as a second choice # 1,edge grain shingles previously dipped in linseed oil or linseed oil stain,then given another cost after laying.

For the flat top dorner,I would suggest Barret Specification Roofing be used,This dorner is 46'x 27',The area of both roofs combined is approximately 120 squares.

I may say,I have been repairing these roofs for several years past and only last season covered one piece of the laundry roof that had cracked for twenty feet or more as well as numerous small leaks,some of which are extremely difficult to find,I may also add that I had to renew several pieces of beaver board in the ceilings that had been destroyed by leaks.

Trusting that these suggestions will be of value to you.

I am Sir,
Yours truly,
(sd) Robert Milligan.

Sir;-

I have the honour to submit herewith,quotation on brass stair treads for Alberni Indian Residential School,as instructed in Department letter of 12th instant.

I beg to,state that the enclosed sample,for which price is quoted,does not meet my idea of what is most suitable for the purpose for which it is intended,as the metal is too light and will quickly wear out.

I had in mind a metal alloy tread of heavier material which is tougher than brass and will wear longer,but I can find no trace of this pattern tread in any Vancouver or Victoria catalogue and on enquiry can find no firm in the cities mentioned that stocks them.

The number of treads needed at the school is 36,cost of same delivered at Alberni station $ 22.85,and express to school $ 2.50.Total cost $ 25.35.

There are sufficient fabric treads on hand at the school to replace those worn out.

Sir:

I have your letter of the 25th ultimo, relative to the painting of the Alberni Indian Residential School building, and enclosing an estimate of the cost of the painting and repairs.

In reply I beg to say that the Department cannot approve of your suggestion that this painting be carried out by contract. It is considered that the greater part of the labour could be performed by the older boys and staff at the school, you to arrange for the purchase of the paint, etc., required. You should consult the Principal and ascertain from him what portion of the labour in carrying out the painting can be performed by the staff and older boys. Before authorizing any work, I have to request that you will state whether all the painting as mentioned in the estimate which you submitted is absolutely necessary. Please also state what painting or repairs, if any, are required to the roof of the main building. When we have the information asked for, consideration will then be given to authorizing you to arrange for the purchase of the paint and materials required and for the carrying out of the work.

OFFICE OF
INDIAN AGENT

West Coast Agency
Port Alberni.B.C.
May 7th,1928.

Sir;-

I have the honour to report that the waste tray or pan under the washing machine,at the Alberni Indian Residential School,is worn out and leaking and in a short time the leak will damage the floor of the building unless the pan is renewed.

This pan is galvanized iron,size 3'10" X 7'9" X 6"deep,it is the recepticle through which the soiled water or suds passes when released from the machine,and owing to the acids etc from the soaps, the galvanized iron does not last satisfactorily.

The cost of replacing the tray by a new one of similar material is estimated at $50,00.

The cost of replacing the tray by one constructed of lead(6 lbs to square foot)is estimated at $ 125.00.and it is believed the latter would be economical as the acids would have no effect on the lead and its life would be indefinite.

The sanction of the Department is requested for the replacing of the tray by one of such material as the Department may decide.

Your obedient servant.

Sir;-

I have the honour to report that the Educational Range Closets have been installed at the Alberni Indian Residential School in accordance with authority granted by Department letter No,159-1-5.dated Ottawa,Februart 9th,1928,they have been in use since the 20th ultimo since which time their action,in the way of efficiency,has been carefully watched and they are giving entire satisfaction and it is felt that they are a suitable installation for school use.

Considerable work was found necessary in removing concrete flooring and old fittings which had been contributing to the previous toilet troubles,and some new fittings were found necessary,which could not be estimated for until the old toilets had been dismantled.Some of the serviceable parts of the old toilets have been in repair work in other parts of the building and no servicable fittings have been wasted.

The relaying of concrete flooring will necessitate a qualified workman and the best possible arrangement will be made to prevent unnecessary expense.The partitions will be erected by the pupils and staff at little or no cost,these latter items will be carried out in the course of a few days.

Sir:

Relative to that portion of your report for the month of April, last, on your inspection of the Alberni Indian Residential School, in which you state that the roof of the main building, and the building itself, should be painted, also that the fabric and metal treads of the stairs require renewing, I have to request that you will forward full information as to the painting you would recommend be carried out to the main building, giving an estimate of the cost of the material and labour, and stating how you would propose that the work be carried out. You should also forward full information as to the cost of renewing the stair treads from main to lower floor on the boys' side of the building. When we have the information asked for, consideration will then be given as to whether the necessary funds can be provided or not.

Alberni Residential School,
Rev,F,E,Pitts,B.A.Principal.

Alberni,June,15th,1928.

Department of Indian Affairs,
Ottawa,

Dear Sirs;-

Re fire escape just erected at Alberni Indian School,

Please note that when your Architect Mr,Dawson of Victoria came to see the building before getting out the plans,I pointed out to him that the school had been erected with a view to keeping the boy,s and girl,s sides of the building absolutely separated on the top flats and that any fire-escape should keep this in view and also that as we were near the Reserve there should be no access from the ground to the dormatories, I also pointed out to him that xxxx on one side of the front porch was the office and on the other side was the reception room and that these were the only front rooms we had in the building for use of staff and that these windows should not be blocked by the fire-escape,

Practical men and builders agreed with me that the fire-escape could have started ffom the same place had access through the same windows and been attached to the blank wall of the projections on either side of the porch and would xxxx have thus avoided all the difficulties I have referred to.

As it is erected the top balcanies of the escape are connected along the roof,the second balconies are connected or are of easy access across the roof of the front porch and the balconies of the ground floor(that is above the basement)are of easy access from the floor of the front porch,The balconies of the ground floor are right in front of the office and reception room windows,

Since the fire escape is so easy of access from the ground and makes possible access from one side of the building to the other it becomes necessary to have these windows opening on the fire-escape,securely locked,as I do not want to take the responsibility of fastening up the access to the fire-escape,I wish to ask your instructions as to what way those windows shall be secured to prevent any one from gaining access to the dormatories or store rooms,in the night.

Again,just in ffont of each of the windows opening on the balconies there is a hole 3 feet 6 inches long by 15 inches high,level with the floor and opening to the well-hole of the steps,A child crawling out of the window and going a little too far or rolling over,would drop down the steps cleaning all ahead of him or else drop through the outside rail which is also 15 inches from the steps,There should be a second bar or some wire screening put on this rail to ensure that no such accident happens.

I sincerely hope you will have these things inspected and give instructions as to what should be done.

Yours sincerely,
(sd)F.E.Pitts.

IN YOUR REPLY REFER TO
No. 156/28
ALSO
TO DATE OF THIS LETTER

Sir,—

I have the honour to advise the Department that the fire-escape has been erected at the Alberni Indian Residential School,and I am enclosing herewith a copy of a letter from the Rev,F.E.Pitts,Principal of that school,in which he wishes to bring to the notice of the Department some points in connection with the fire-escape,The Rev Principals points are 4 in number and are

1,The keeping of boys and girls separate,

2,Window,s obscured by the fire-escape.

3,Access to dormatories by means of fire-escape,

4,Dangerous openings in the railing of the ecape.

With reference to the fire-escape and the Rev Principal,s remarks,I beg to state that in my opinion the escape is very staunchly constructed and in every particular complies with requirements called for by the fire protection regulations of the Province.

1,Keeping boys and girls separate,To prevent the access from one dormatory to another by the fire-escape and over a portion of the roof,I beg to suggest that hinged screens be placed on the inside of the dormatory windows where necessary,that the screens be fastened with a padlock and that a fireman,s axe be kept hanging on the wall immediately by the screen so that no time need be lost in effecting exit in case of fire.

2,Position of the escape,There can be no possible doubt but that the same escape could have been erected leading to the same exits,without obscuring the window,s of either office or reception rooms,and that without any additional cost,

3,Access to dormatories from the ground by means of the escape. The hinged screens recommended for 2 will prevent this.

4, Dangerous openings in railing of the escape,To remedy this,I requested the Rev Principal to have some heavy wire netting stretched over these and securely wired to the railing of the escape. cost will be very little.

I beg to ad that I was present when the attention of the Architect was drawn to the necessity of not obscuring the office and reception room windows,at the time the survey of the building was made for the drawing of plans for the escape.

As no plan was available either at the school or in this office,no opportunity was given to bring these points to the notice of the Department before the structure was erected.no plan of the structure has yet been seen here.

Re the placing of the hinged screens,recommended for 1 and 3,These are being held in abeyance for the approval of the Department,or for the orders for some other method of prevension as approved by them, Early instructions regarding same are respectfully requested please.

Mr.E.E.Frost,

Port Alberni.B.C.

Dear sir;-

Yours of the 12th inst ref painting of this school to hand.

You ask if in my opinion the painting of the whole building is absolutely necessary-In reply the was erected and opened in December 1920-With the exception of the steps and porch floors no painting has been done on it since-For both appearance and economy I would say that the painting was very necessary, but ofcourse paint is never absolutely necessary.

Replying to whether the XXXXX work of putting on the paint could be done by the staff and older boys-The building is over 40 feet to the eaves, this requires the best of scaffolding and a man accustomed to working at 40 feet in the air-we could not do the scaffolding and I would not take the risk of young boys working at that height, nor have we anyone on the staff that who could do so, We are buisy long days and all day with school and farm work and would have to hire extra help for any extra work, our outlay for repairs, fencing and clearing land has been heavy during the past year and so we cannot take on any extra expense just now.

Again, it does not seem to be economy to have an 80000,00, dollar building painted by amatuers, and as holidays start soon we could not possibly finish the painting, along with harvesting etc before the wet weather begins in the fall.

We appreciate the willingness of the Department to furnish the paint but cannot accept it on these conditions.

Yours truly.
(sd)F.E.Pitts.

Sir;-

I have the honour to acknowledge receipt of Department letter of 1st instant,re the painting of the Alberni Indian Residential School building and beg to advise the Department that the suggestions contained in same were referred to the Rev Principal of the school for his information and remarks,a copy of his reply is attached hereto for the Departments information.

With reference to the Department,s enquiry as to whether the whole of the painting asked for in my letter of the 25th ultimo is necessary,I beg to advise the Department that if the building is given one coat of paint this summer it would then go the customary time without further attention but if the painting is postponed until next summer it will necessitate the applying of two coats of paint which will nearly double the expense and the building will then only be able to go the same lenghth of time till painting is again necessary,As there are no facilities on the building for the use of a swinging scaffold the scaffold will have to be erected from the ground,for which suitable applances and experience in using them will be necessary,and the further question of the ability of boys to work at considerable height above ground,with safety for consideration,

Respectfully awaiting the Department,s further instructions in this matter.

Memorandum: Approved DLS

DR. SCOTT.

Mr. Agent Frost and the Principal have strongly urged the necessity of the exterior painting of the Alberni Indian Residential School building. The roof of the main building and the exterior walls require one coat of paint, also the steps, verandah, ceilings and floors. The estimated cost of this work, including material and labour, is $755.

This building was erected in 1920 and no painting has been done on it since. The Principal states that for both appearance and economy the painting is necessary. The Agent was informed that we would authorize the supplying of the paint required, to the amount of $315, if the school would be responsible for the labour, to the amount of $440.

The Principal states that the building is over 40 ft. to the eaves, that this would require the best of scaffolding and a man accustomed to working thereon and he would not take the risk of young boys working at that height. He will be unable to provide any of the labour in having the work done.

No funds have been specially provided; but the amount required - $755 - could be taken from our appropriation for Indian Education. I would recommend that authority be granted to have this painting carried out and will be pleased to have the necessary approval, also the name of the man who should be engaged as foreman in charge of the painting.

Sir;-

I have the honour to report that,at the request of the Dominion Public Works Architect,Mr,J.G.Brown,I this day inspected and tested the fire alarm system recently installed at the Alberni Indian Residential School and found the same worked satisfactorily from each alarm box to all alarm gongs and in my opinion the system is quite satisfactory,

The above certificate has no reference to contract conditions as I have not seen any tracing or copy of contract.

With reference to the above alarm system I beg to suggest that a supply of spare glasses for alarm boxes be supplied so that broken glasses may be replaced without delay in order that no un-necessary drain be put on the electric battery,

A dozen spare glasses would probably cost one dollar.

Sir:

I have your letter of the 21st instant, informing the Department that, as a result of your inspection and test of the fire alarm system recently installed at the Alberni Indian Residential School, it was found that same worked satisfactorily.

With reference to this fire alarm system, I beg to say that you may arrange for the supplying of twelve spare glasses for the alarm boxes. These should be placed in charge of the Principal, in order that broken glasses may be replaced without delay. It is noted that the cost will be nominal and you should forward an account, in duplicate, covering the expense incurred.

Dear Sir:

I am enclosing herewith accounts, as under, in connection with the Indian School at Alberni:

Port Alberni Marine Railway and Machine Co. Port Alberni.	Supplying materials for and installation of two fire escapes as per tender.....$1250.00
D.W.Warnock, Port Alberni.	Installation of a fire alarm system and two doors giving access to the dormitories from the staff room.....$ 245.00

These installations were inspected at various times during the construction, and at their completion, and the work in both cases has been very satisfactorily performed.

The accounts have been certified by my Assistant, who inspected the work, and in the case of the fire alarm system, I have had your Agent test the system and he has certified that he found it satisfactory.

I am returning herewith your file of correspondence, tenders for fire escape, etc.

Sir:

I have your letter of the 16th ultimo, relative to the exterior painting of the Alberni Indian Residential School building and enclosing copy of a communication from the Principal, in which he states that it will not be possible for the pupils and staff to perform the labour in having the work done. You may therefore arrange to have this painting carried out by day labour - you to purchase all materials and to keep proper time sheets, in duplicate, of the labour employed. Mr. A. J. Thomas, of Port Alberni, is to be foreman in charge of the painting and local labour may be employed to assist him. You should arrange for the purchase of all paint and other materials required from Mr. C. A. McNaughton, of Port Alberni, and see that a good grade of paint, etc., is obtained.

The exterior of the building is to be given one coat of paint; the hand rails, steps and verandah floors, two coats; and the verandah, ceilings and window and door screens, one coat. The total cost of the material and labour should not exceed approximately the estimate given in your letter of May 25th, last, viz., $755. An accountable cheque for $400 will be sent you under separate cover, to pay the labour, and you should render time sheets, as requested above, in accounting for the expenditure of this amount. Accounts, in duplicate, properly certified, should be forwarded, covering the cost of the paint and other material purchased by you.

Please arrange to have this work done at an early date and see that a satisfactory job is completed. A supply of time sheets is enclosed.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

DEPARTMENT OF PUBLIC WORKS

CANADA

District Resident Architect's Office

Victoria, B. C., July 11th, 1928.

Mr. W.E. Ditchburn,
Indian Commissioner,
Victoria, B. C.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 10th instant, with enclosed letters, and I might state that the construction of the fire escape is in accordance with the B.C. fire Marshall's specifications.

With reference to Mr. Pitts remarks that the fire escape could have been attached to the blank walls of the building, I might state that the cost of construction would have been half as much again, and almost impracticable to have put an escape from the dormor windows, which would have had to be brought at right angles across the valleys and along the roof, also at each side practically the same landing would have had to be put at the windows as at present to ensure using both windows for quick exit, and then carried along the blank wall and the same accessability from the ground would be available. The present location is considered the best position.

Mr. Pitts remarks that the top balconies are connected is not true, and any person attempting to get from one balcony to another are endangering their lives, as they would have to travel along the gutter of the buildings which is a very dangerous proceeding. I am aware that one boy did this during the erection of the fire escape, but the roof was covered with jacks and scaffolding for the use of the workmen.

Mr. Pitts objection to the stopping of light into rooms was taken into consideration and pointed out to him that it would make very little difference to the light.

The sashes and screens of all the windows leading to the fire escape should be hinged and bolted inside, a fire axe should also be hung up on each floor at a convenient point.

Yours faithfully,

(Sgd) J.G. Brown,
Dist. Res. Architect.

Dear Sir:- Re-Fire Escape Alberni Indian School.

I beg to acknowledge receipt of your letter of the 25th ultimo together with copy of letter from Mr. Indian Agent Frost and a communication from Rev. F.E. Pitts, Principal of the School, the latter criticising the location of the fire escape and manner of construction. It is noted Mr. Frost makes certain recommendations in the matter of further safe-guards.

In reply I beg to say this matter was taken up with J.G. Brown, Esq., District Resident Architect of the Dominion Public Works Department, and I have received a letter from him to the effect that the said fire escape was constructed according to the specifications of the British Columbia Fire Marshall. It is also pointed out that to have erected this fire escape in any other position than which it was, would have increased the cost by one half. Mr. Dawson, who superintended this work, personally explained to me also that another reason for having the fire escape located in the position in which it is, was that of safety of the children, in view of the fact that the rooms of the school in which exit to the fire escape is provided are those which have terrazzo flooring and all the children could be grouped in these rooms with considerable more safety than would be the case in the dormitories.

I am attaching hereto copy of Mr. Brown's letter in this regard for your information.

In connection with the recommendations made by Mr. Indian Agent Frost, I may say that Mr. Brown concurs that it would be advisable to have the net screens placed as well as some covering on the side of the fire escape and I have, therefore, authorized Mr. Indian Agent Frost to have this work carried out without delay.

Sir:

In further reference to your letter of the 16th ultimo, relative to the location and manner of construction of the fire escape recently installed at the Alberni Indian Residential School, I beg to enclose herewith copy of a communication from the District Resident Architect of the Dominion Public Works Department. It is considered, in view of this report, that the fire escape has been satisfactorily installed, and at an advantageous location, in order to save unnecessary expense.

Mr. Commissioner Ditchburn has been requested to have net screens, as well as some covering, placed on the side of the fire escape, and to purchase fire axes, and, if considered necessary, to have the sashes and screens of all windows leading to the fire escape hinged and bolted inside.

Your obedient servant,

Sir:

I have your letter of the 12th instant, enclosing copy of a communication which you received from the District Resident Architect of the Dominion Public Works Department, relative to the fire escape recently installed on the Alberni Indian Residential School building. It is noted that the construction of the fire escape was in accordance with the specifications of the British Columbia Fire Marshall, and that it was placed in an advantageous position on the building. It is also noted that you have authorized the installing of net screens and some covering on the side of the fire escape.

The District Resident Architect states that the sashes and screens of all the windows leading to the fire escape should be hinged and bolted inside, and that a fire axe should also be hung up on each floor at a convenient point. You may have the fire axes required supplied, and, if considered advisable, the sashes and screens of all windows leading to the fire escape should be hinged and bolted inside.

SEP 1928

Sir,—

I have the honour to submit to the Department a request by the Rev,F.E.Pitts,B.A.Principal of the Alberni Indian Residential School,for authority to re-appropriate the old class room of that school,which has been,during the past two years,used for Manual Training purposes,and use the same as an additional class room for part of Grades 1 and 2,and for the supply by the Department of the necessary equipment for that purpose,and further, to sanction the transfer of the Manual Training classes,equipment, and fixtures(other than electric lighting fixtures)to the basement of the same building,and the installing of electric lights in the latter room,for Manual Training use.

I respectfully recommend the above request to the Department for favourable consideration for the following reasons, There are 71 pupils in Grades 1 and 2,and I believe,insufficient air space as called for by regulations,in the junior classes room when filled to its capacity,further ,as a large portion of the pupils in this room are beginners,the class is too large for any one teacher to handle satisfactorily.

Sent 7-27 9th-

This request was held in abeyance until the visit of Mr Cairns,Inspector of Indian Schools,in order that the matter might be thoroughly investigated by him and discussed with the Principal and myself,this having been done on 7th instant and received Mr Cairns approval.

The transfer of the Manual Training classes and equipment to the basement of this building will cause no inconvenience to those classes as the basement room is larger than the floor above, it has watertight concrete walls and floor and has heating facilities but will need electric lighting fixtures to be installed at an estimated cost of approximately $ 20.00..

OK.

The estimated cost of the equipment needed for the proposed additional classroom is approximately $ 500.50 including freight, and is compiled as follows,15 desks size B,$ 180.00.15 deske size C $ 172.50.1 Teachers desk $ 25.00.12 kindergarten chairs $ 21.00. Hyloplate 4 'x 30'$ 53.00.1 gallon,green,liquid slating $ 6.50. 1 Union Jack $ 7.50.1 hand bell $ 5.00.freight $ 30.00.

Dept buy desks. Agent rent

Total cost of equiping both rooms for the purposes stated, including electric lightfittings for basement $ 520.50.

Requisition for the equipment needed is attached hereto.

Indian Residential School
Rev,F.E.Pitts,B.A.Principal

Alberni.B.C.September,15th,19

E.E.Frost,
Indian Agent,
Port Alberni.B.C.

Dear Sir;-

Enclosed herewith find a special requisition for desks &c to equip a third class-room in Alberni Residential School.

Our reasons for opening a third class-room are evident from our quarterly report,Since January 1st 1927,thirty-nine new pupils have entered the school,with the exception of two these have all been beginners who have had very little English, consequently our standards 1 and 2 have become crowded too much for one teacher and as these so much individual attention the teacher in the senior room cannot do justice to the older ones and take part of these standards 1 and 2.

We are asking,therefore,to move the Manual Training to the basement of the former school building and use the present Manual Training room for the Primary class and equip it for thirty beginners,The second teacher to take part of standard 1 and part of standard 2 and the senior teacher to take the others, this arrangement would seem to relieve the situation and give all a fair chance.

May I add that I have gone into these matters with you yourself and Mr Inspector Cairns and we all agreed that.

1.The basement of the separate clsaa-room building was very suitable for Manual Training.

2.That the present Manual Training room is also suitable for a primary class-room.

3.That it is desirable and necessary to make the changes above asked for.

We therefore sincerely hope that the Indian Department may grant to us the sanction and the equipment asked for.

Yours sincerely.
(sd)F.E.Pitts,
Principal.

Ottawa, September 27th, 1928.

Sir:

I have your letter of the 18th instant, enclosing copy of a communication from the Principal of the Alberni Indian Residential School in which he asked permission to move the manual training to the basement of the former school building and use the present manual training room for the primary class, and requested that the necessary furnishings be supplied for the purpose. It is noted that the transfer of the manual training classes and equipment to the basement will cause no inconvenience, as the basement room is larger than the floor above and would be suitable for the purpose.

The Department will approve of arrangements for the providing of a third classroom being carried out, as recommended by the principal and yourself. You may arrange for the purchase and installation of the electric lighting fixtures required, at an estimated cost not exceeding approximately $20. The Department will place an order here for the supplying of 30 feet of Hyloplate blackboard, 4 feet wide, with the necessary chalk trough and moulding, also for the supplying of one gallon green liquid slating and brush, and for a hand bell, 6" in diameter. A 9' Union Jack will be forwarded to the Principal from the Department.

Flag sent Sept 27/28 JS

Relative to the school desks, teacher's desk and kindergarten chairs, I beg to say that we do not supply movable steel chair desks. The type of desk supplied is the single school desk, non-adjustable. You should obtain prices for the supplying of the following equipment:

Sir:

I have your letter of the 26th ultimo, in which you request that the material left over from the painting of the Alberni Indian Residential School be used to paint the barn at the same school, also that the quotation of Wright Waddington, who performed the labour in the painting of the school building, be utilized in the painting of the barn, to the amount of $105.

In reply I beg to say the Department will approve of this work being carried out. You may arrange with Wright Waddington to perform the labour in painting the barn, utilizing the paint which is at present on hand. The same arrangements should be made with him as in the case of the painting of the school. When the work has been completed to your satisfaction, you should forward accounts, in duplicate, properly certified, covering the amount due for the labour, which should not exceed the above authorized figure. Should any extra material be required to complete the painting, you may arrange for the purchase from the firm from whom you procured the paint for the school building.

Sir;-

I have the honour to advise the Department that there is sufficient painting material left over from the painting of the Alberni Indian Residential School to paint the barn at the same school.

The Rev Principal has requested,verbally,that permiss - ion be granted to use the surplus material for the painting of the barn and that the Department be respectfully asked to favourably consider the expenditure of $105.00.which is the amount of the tender by Wright Waddington,for the carrying out of the work.

I respestfully recommend the above request to the Department for favourable consideration,if possible,as this would put the barn and silo in good shape for sevaral years and would utilize the surplus material which otherwise might deteriorate if stored. Awaiting your instructions.

Sir:

I have your letter of the 1st instant, informing the Department that there will be approximately $75 worth of painting material left over after the barn at the Alberni Indian Residential School has been painted, which work was authorized by official letter of the 4th instant.

In this connection I beg to say it is considered that an excessive quantity of paint was purchased for the purpose of painting the school building. The Department would have no use for any painting material which will be left over after the painting of the barn is completed, and it is thought that you should return this excess paint to the Alberni Hardware Co. Ltd., from whom it was purchased, and obtain a refund from them for same, and you should forward the amount obtained to the Department. It is presumed that this paint was included in the account rendered by the above Company to the total amount of $254.16, a cheque for which was sent them in August, last.

Dear Doctor Scott

Indian Agent Frost is sending in a voucher for one day's pay for J.Taylor.

He borrowed this man from the Provincial Govt in an attempt to have the painting on the school done by day's work.A master painter named Thomas was to meet him on the work with two other men to begin but he turned up one without any men and said it was no use Taylor alone starting so the idea of doing it by day's work was abandoned.

Meantime Taylor who had been regularly employed by the Prov.Govt lost a day's work and had to be paid. Hence the voucher.

Yours faithfully

Sir,—

I have the honour to submit the attached claim presented by James Taylor for $ 4.50.for one day,s time in connection with the painting of the Alberni Indian Residential School. Explanation. Mr,A.J.Thomas,who was appointed foreman to superintend the work,reported to me that he could not get painters, and asked me to try and find one or two to help him out,I saw the Provincial Public Works Engineer and secured the loan of James Taylor, and Taylor was instructed by me in writing,with the approval of Mr Thomas,to report at Alberni School not later than 8 a m on Monday August 27th for work,Taylor reported at the time and place named,Mr Thomas arrived later and stated that he had failed to get any men to work with Taylor, and as it was useless for one man to commence the work and he ,Thomas,could see no likelihood of getting men,he asked to be relieved of his appointment as foreman.

It was then too late for Taylor to return to his work with the P.W.D.as he had come in some 12 miles from a road camp,Taylor consequently lost a days work with the P.W.D.hence the claim,which having due regard to the facts,is in my opinion,legal,and I respectfully recommend the payment of the same by the Department of Indian Affairs.

Port Alberni, B. C.

Dear Sir:

Yours of the 5th received asking for prices on the following:

15	No. 4 Single school desks for pupils 9 to 13 years	$7.95 ea.
15	No. 5 " " " " 6 to 9 "	7.70 "
1	Teacher's Single pedestal Sanitary desk	27.50
1	" arm chair	4.50
12	Kindergarden chairs with rubber tips	1.65 ea.

The above prices are all freight paid to Alberni or Port Alberni. No charge for crating.

Our school desks are made of the very best material and extra well constructed and they have ball-bearing hinges, and are made of Eastern hard wood and the finish of the iron work is baked enamel. These desks are made by the Canadian Office & School Furniture Company of Preston, Ontario, and are undoubtedly the best desks on the market.

The teacher's desk is made of fir and manufactured here. If you wish the teacher's desk in oak it would cost you Nine Dollars over the price above quoted.

I trust I will be favored with your order. I can give your prompt shipment.

Yours very truly,

E.G. Parnell

Pursuant to our conversation when I was in Ottawa last week in which we discussed the need of roofing the main building at Alberni, - estimated cost $1,200.00, - we will appreciate provision to be made for this amount in the Estimates to come before the next session of Parliament.

Ottawa, December 5, 1928.

Sir:

I have your letter of the 23rd ultimo, enclosing a communication from the Principal of the Alberni Indian Residential School requesting that authority be granted to purchase the cement, flooring, wainscotting, etc., required in fitting up the hall used for recreation purposes.

In reply I beg to say that the Department will approve of the expenditure required in the purchase of the material required to an amount not exceeding approximately $250. It is considered that the cartage of the lumber and gravel, and the labour in carrying out the work in completing this playroom, should be performed by the school authorities without cost to the Department. The work of putting in the floor might be done by the older boys as part of their manual training instruction.

Please forward vouchers, in duplicate, properly certified, covering the expenditure incurred in the purchase of the material required.

Your obedient servant,

I have the honour tosubmit the attached request,by the Rev,F.E.Pitts,Principal of the Alberni Indian Residential School, for the consideration of the Department.

Regarding the matter,I beg to state that the hall in question needs flooring before it is fit for use either for games or drill purposes,the soil of the floor is a soft loam, which becomes powdery from use when dry and soapy when damp.

The condition of children and their clothing can be easily understood,when they have played in the hall under either condition.

Should the Department favourably consider the request of the Rev Principal,I beg to suggest that the putting in of the floor foundation and floor be done by the elder boys as part of their Manual Training instruction,under the supervision of the Manual Training Instructor.

REV. F.E. PITTS, B.A., PRINCIPAL

Alberni, B. C., November 22, 1928.

Mr. E. E. Frost
Indian Agent
Port Alberni, B.C.

Dear sir:-

Some five or six years ago, the Indian Department erected a hall for recreation purposes, at this school. The size of the building is 80' by 36', stands on a cement foundation and is in good repair, except that it was never finished. The only floor is the natural soil on which it stands. In any dry weather this works up into dust and the children require a bath after a game of ball, or if the floor is sprinkled it becomes very slippery and muddy. It is very rough at all times and any amount of work at smoothing and levelling lasts for only a short time.

The necessity for such a playroom is self-evident to anyone who knows anything of this climate. From Nov. 1st. to May 1st. the rains are exceedingly heavy and for three months of that time there are many days that it pours rain all day.

Therefore I want to appeal to the generosity of the Department of Indian affairs to complete this playroom, so that it may be suitable for both girls and boys to use at different times for basket-ball and other games.

The cost would be approximately as follows--

25 bags of cement @ $1.00 per bag	$ 25.00
120 joist (2 by 10 by 12ft.) @ $20 per M	52.00
500 ft. bridging (1 by 4)	7.00
4500 ft. fir flooring	112.50
2000 ft. " wainscotting	50.00
Cartage of lumber	25.00
" " gravel	10.00
Labor and nails	125.00
Total	$406.50

246.50 School App

We have now 100 children in the school and are badly in need of just such a playroom as this hall would afford if it were fitted up as above specified.

We sincerely hope that your Department may see fit to grant our request and carry out this work at an early date.

Yours sincerely,

W. E. Pitts

Principal.
